CELEBRATING THIRTY YEARS AT BURNCOOSE NURSERIES

CAERHAYS ESTATE

Dear Customer

2014 marks the 30th Anniversary of our move to Burncoose from our former nursery site at South Down in Redruth. Actually our history as growers and nurserymen goes back even further than the successful partnership between the Williams and Knuckey families created in 1984. David Knuckey had previously been Nursery Manager and head propagator at Treseders Nursery in Truro before setting up on his own as South Down Nursery in 1972. Burncoose gardens were regular suppliers of plants and cut flowers for shows to both Treseders and South Down Nurseries. David Knuckey, whose show career saw him win more gold medals at RHS shows than any other exhibitor of his generation, has enjoyed a well earned retirement since 2001 while his son, Philip, continues to manage the successful landscape design side of our business.

Burncoose Nurseries was originally a traditional mail order business attending Chelsea and up to 25 RHS and other flower shows throughout the UK. The show season was our advertising window to show new and unusual plants to our customers which were generally not available in the expanding garden centre concept where sales of sundries and restaurants were often (even then) more important than plants.

Like so many traditional small industries, time, competition and geography were not on our side. The majority of our serious mail order customers were located hundreds of miles away and the seasonal round of shows were becoming increasingly uneconomical. The arrival of next day delivery services and, more particularly, the internet has however led to a total transformation of our mail order business in the last 12-15 years.

We still have our traditional strengths in offering top quality and immediately plantable plants covering a huge range of nearly 4,000 ornamental trees, shrubs, herbaceous and conservatory plants. No other UK nursery offers such a diverse and interesting range by mail order. We continue to introduce new, rare and unknown plants to UK gardeners which was historically one of the key reasons for customers to seize on our new catalogues. In 2014 we have no less than 250 new entries. In so far as we specialise in anything other than mail order we do continue to offer the most extensive catalogue of magnolias, camellias, rhododendrons and other rarer woodland garden plants available from any UK nursery. Our regular long-term customers continue to use our plant range as a reference guide or a 'one stop shop' for many different types and sizes of garden.

The transformation of our business to adapt to the challenges and opportunities of internet shopping has not been easy. In Cornwall we have been fortunate to have had access to European funding for new investment in our packing sheds, computer equipment and in major ongoing website development.

It has taken over 8 years to produce 4 separate top quality website photographs of nearly every plant we grow in leaf, flower, maturity and as you would receive it today. Our photographic archive containing literally tens of thousands of pictures in response to what our customers want to know about plants for their garden is perhaps our greatest recent achievement and the strongest driver of growth in our business.

Today around 75% of our business is online and it is more true than ever that Burncoose Nurseries are better known outside Cornwall than in our own home county. The internet has enabled us to reach out to new and first time gardeners, whom we have never met, those who want to celebrate a birthday or anniversary or simply to those who want to give a present to a friend.

Many of the visitors to our website now use us as a source of expert advice on how to care for and grow our plants successfully in different parts of the country. All the new RHS Awards of Garden Merit and the new RHS UK hardiness ratings for those plants are now included. Topical tips, common names and plants for different situations are only a few of the 97 different search categories available on our website. It is all there and more without the need for a phone call although we are still open 7 days a week in office hours to discuss plants with you and to answer your plant queries. Our website adds to the service we can offer but old-fashioned 'service' is still only a call away.

As the volume of internet mail order orders has grown we have, this year, adapted our standard carriage and packing charges to reduce the delivery cost on all our many website special offers as well as extending the order values in each price banding. However please do not forget that we sell mature grown plants in a minimum of a 1.5 litre pot for all herbaceous plants and all our shrubs are in 2 or 3 litre pots. We do NOT sell plugs, plug liners or 7cm pot liners (see the diagram below). What we sell you will usually be capable of flowering properly in its first season after planting without any special care and protection, potting on or undue effort by you. You get what you pay for!

After the wettest autumn and winter for 100 years followed by the return of winter on 10th March, with biting east winds and the total destruction of the magnolia flowers for the first time in 20 years, spring finally arrived in late April. A disastrous late spring for gardeners and nurserymen alike thankfully then gave way to an early summer rush to catch up. For the first time in a decade the nursery was busier in May and June than in March and April. Then, as usual, the weather evened itself out and we had a wonderful growing and flowering summer. Such is gardening!

As we celebrate our 30 last years and thank all of our customers for their support it is interesting to reflect on how much has changed EXCEPT for the plants themselves. We now look forward to the challenges that the next 30 years will bring.

Yours sincerely

Charles Williams

Charles Williams
Senior Partner

Nurseries

Burncoose is a working nursery of around 10 acres producing one of the widest ranges of plants available by mail order anywhere in the U.K. Although mail order is our main business we welcome locals and holiday visitors alike to Cornwall and to the nursery 7 days a week to browse around at their leisure and select their own plants while also taking a stroll through the gardens for inspiration.

Gardens

The Burncoose woodland garden of some 30 acres, which was once described as "A garden oasis in the mine wastelands of Cornwall", has progressed over the years from being a typical Cornish spring garden into a garden for all seasons. It contains as extensive and diverse a range of plants as can be found anywhere in the West of England. The early spring display of Camellias, Rhododendrons and Magnolias moves on through to the late summer show of Hydrangeas and Eucryphias, then a warm symphony of autumn colours.

RHS Recommended Lectures at Burncoose Nurseries in 2014

Friday 11th April Gardening in Coastal or Windswept Locations

Friday 9th May Scented Rhododendrons

Both Lectures: 9.30am Coffee 10.00am start, 1.00pm finish
RHS Members - £10.00 per lecture. Non-members - £12.00 per lecture
Please contact Burncoose Office (weekdays 9am - 5pm)
Tel: 01209 860316 or e-mail: info@burncoose.co.uk

Show Programme For 2014

Orders can be collected at all these events except the Chelsea Flower Show.

May Tues 20th to Sat 24th Chelsea Flower Show
June Thurs 6th to Sat 8th Royal Cornwall Show, Wadebridge
July Tues 8th to Sun 13th Hampton Court Palace Flower Show

Planting & Planning

Burncoose offers a full landscaping service from simple planting plans through to patios, pools, paving, fencing and rockeries. With many years experience behind us we can plan and design gardens to suit most aspects. However our particular speciality is creating gardens in coastal or exposed locations.

As well as our landscaping service offered locally we can also provide a design service with suitable planting lists for our mail order customers anywhere in the country. Further details can be found on our website or by contacting the office direct on 01209 860316. See page 10.

Open 7 days a week

Monday - Saturday 8.30 a.m. to 5.00 p.m. Sunday 11.00 a.m. to 5.00 p.m.
Nursery Admission: FREE Admission to Gardens FREE for 2014
Teas and Light Refreshments.

Location

Situated directly on the main A393 Redruth to Falmouth road between the villages of Lanner and Ponsanooth. The best route to the Nursery from the A30 is via the Scorrier turn off and then through Carharrack on the B3298.

Awards Received in 2013

Chelsea Flower Show Silver Gilt Medal
Hampton Court Silver Gilt Medal

Charles Williams is the senior partner of Burncoose Nurseries. He also owns and runs Caerhays Estate. Charles' great grandfather bred the original x williamsii strain of camellias at Caerhays in the 1920s. Caerhays are the holders of The Plant Heritage National Collection of Magnolias. Charles is a member of the RHS Rhododendron and Camellia sub committee and has put forward many new magnolias, rhododendrons and camellias for registration and awards

Andrew Mills the Nursery Manager, has over 20 years experience in plant production. After starting work in agriculture Andrew then moved on to horticulture and worked at Kehelland Horticultural Centre where he gained wide experience in the cultivation and growing of nursery stock. He took up the post of Nursery Foreman at Burncoose over 6 years ago and in September 2007 was appointed Nursery Manager. Andrew deals with all trade enquiries.

Stephen Dance is the Office Manager at Burncoose. Stephen's father was Head Gardener at Burncoose for over 40 years so his life has always revolved around plants. Stephen managed the landscaping at Peter de Savary's Port Pendennis Marina in Falmouth before returning to Burncoose to use his plant skills and extensive knowledge in the office. Stephen is your first contact for all gardening advice or queries.

Abelia 'Edward Goucher' Abelia floribunda Abutilon 'Ashford Red' Abutilon 'Kentish Belle' Abutilon 'Souvenir de Bonn'

ABELIA

All £14.50 Each

- MS **chinensis** - small shrub with scented white, rose-tinted flowers JUL-OCT
- MS/?E **'Edward Goucher'** - bronze young growth and lilac-pink flowers JUL-OCT
- E **floribunda** - cerise purple flowers JUL-SEP
- MS/E **x grandiflora** - dainty pale pink flowers AUG-OCT
- 'Confetti'** - a small compact form with narrow white-margined leaves JUL-OCT
- MS/E **'Francis Mason'** - dark green leaves with golden-yellow margin. Best grown in full sun JUL-OCT
- DS **'Hopleys Variety'** - a sport of A.'Francis Mason' with golden variegated foliage which turns pink in autumn AUG-OCT
- MS **schumanii** - a profusion of lilac-pink flowers with an orange blotch. Good hardy variety which gives excellent value AUG-OCT

ABELIOPHYLLUM - White forsythia

- MS **distichum** - scented star-shaped flowers, white, flushed pink, produced on bare stems in February £19.50
- 'Roseum'** - uncommon pink form JAN-FEB £21.50

ABIES - Fir

All £12.50 Each

- T/E **concolor** - Colorado white fir, White fir smooth grey bark and blue green foliage
- T/E **grandis** - Giant fir, Grand fir - very quick growing tree with shiny green leaves
- T/E **koreana** - Korean fir - a small slow growing compact tree with white undersides to the leaves and violet-purple upright cylindrical cones
- T/E **procera** - Feather-cone fir, Noble fir - vigorous pyramidal fir tree with blue grey foliage

ABUTILON - Chinese lantern, Flowering maple

- TS/E **'Canary Bird'** - pure yellow flowers JUL-OCT £12.50
- ?GR/TS/E **'Ashford Red'** - deep red JUL-OCT £12.50
- TS/E **'Kentish Belle'** - yellow and crimson, hardier cultivar AUG-NOV £13.50
- C/E **megapotamicum** - Trailing abutilon - tubular red & yellow flowers JUL-SEP £12.50

- ?GR/C/E **'Variegatum'** - golden variegated form suitable for conservatory growing £12.50
- TS/E **'Nabob'** - purple stalked deep red flowers JUL-OCT £13.50
- TS/E **Souvenir de Bonn'** - variegated leaves and pale orange flowers JUL-OCT £13.50
- TS/E **x suntense** - dark mauve flowers to blue MAY-JUL £15.00
- TS **vitifolium** - saucer-shaped pale to deep mauve flowers. Needs sun and shelter MAY-JUL £15.00
- TS **'Album'** - a striking single white with fragrant flowers borne in profusion APR-JUL £14.50
- 'Wisley Red'** - red bells JUL-OCT £12.50

ACACIA - Mimosa

All £14.50 Each Any 3 for £35.00

- ?GR/TS/E **baileyana** - Cootamundra wattle, Golden mimosa - fluffy bright yellow mimosa flowers and fine silvery-grey foliage DEC-APR
- ?GR/TS/E **'Purpurea'** - foliage tinged violet and purple DEC-APR
- TS/E **dealbata** - florists mimosa. Yellow scented flowers JAN-APR
- ?GR/TS/E **longifolia** - long lance-shaped willow leaves and bright yellow flowers FEB-APR
- TS/E **pravissima** - slender architectural branchlets with globular yellow flowers MAR-APR
- GR/TS/E **retinodes** - narrow willow leaves, lime tolerant. Flowers intermittently all year JUN-JUL
- TS/E **verticillata** - Prickly Moses, Star-leaved wattle needle-like and prickly habit with cylindrical spikes of yellow flowers MAR-MAY

ACANTHUS - Bear's breeches

All £9.00 Each 3 for £24.00

- mollis** - tall spikes of white flowers suffused purple, deeply lobed leaves AUG-SEP
- spinosus** - similar to mollis, but not so large. Leaves deeply cut and spiny AUG-SEP

ACCA - (Feijoa)

- F/?GR/TS/E **sellowiana** - Pineapple guava - grey foliage, with handsome wine-red edible flowers and fruit. Will grow outside in milder climates JUL-AUG £13.50 Specimens £75.00 Z
- 'Mammoth'** - large regular shaped fruits with rough skin £14.50 Z
- 'Triumph'** - later fruiting variety with a mild flavour £14.50 Z

Acacia dealbata

Abeliophyllum distichum

Acca sellowiana

How To Use Our Catalogue

Plant Listings

All plants are listed in alphabetical order with their full proper name followed, where applicable, by the common name.

Code Of Plant Types

All the plants listed have a code which gives an indication of their eventual size and hardiness (e.g. D = dwarf or GR = only suitable for the conservatory or greenhouse).

- A = Alpine or Rock Plant
- C = Climber
- CON = Conifers
- E = Evergreen
- ?E = Semi-evergreen
- F = Fruit
- FN = Fern
- D = Dwarf
- DS = Dwarf Shrub
- MS = Medium Shrub
- OG = Ornamental Grass
- TS = Tall Shrub
- T = Tree
- H = Herbaceous
- H/E = Evergreen Herbaceous
- GC = Ground Cover
- GR = Greenhouse or Conservatory
- ?GR = Will grow outside in milder locations
- Z = Zero Rated Items for VAT purposes
- ☞ = Royal Horticultural Society "Award of Garden Merit" (AGM)

Code Of Potentially Harmful Plants

- 1 = Caution, toxic if eaten
- 2 = Caution, toxic if eaten, may cause allergy or irritation to eyes or skin
- 3 = Harmful if eaten
- 4 = May cause allergy or irritation to eyes or skin

Special Offers and Quantity Discounts

These are highlighted in colour throughout the catalogue.

Orange type indicates: Special Offers and Quantity Discounts

Red type indicates: New for 2014

Photographs: All pictures are for illustrative purposes only.

The actual condition of individual plants may of course vary depending on the time of the year, the weather and growing conditions at that time.

Help: If you are confused by Latin names and cannot immediately find what you want in our catalogue, please ring or email us for help.

How to order

You can order from us at any time via our website: www.burncoose.co.uk

Post: (An order form is enclosed with this catalogue)
Burncoose Nurseries, Gwennap, Redruth, Cornwall TR16 6BJ

Telephone: +44 (0) 1209 860316

Email: orders@burncoose.co.uk

How to Pay

Cards: Payment may be made by any major recognised Credit Card or Debit Card except Diners Card and American Express. Payment will be taken at the time of ordering on our website. You will then be refunded at the time of despatch for any plants not supplied.

Telephone or Post: Where orders are placed by telephone or by post, payment will only be taken from your credit card after despatch has actually taken place. In this situation you will not therefore be charged for any plants which cannot be supplied.

Delivery Charges: See Order Form or website.

Despatch Times: All UK orders will be despatched within 5 - 10 working days from receipt by us (10 - 15 working days in the busy spring season) except at times of drought or extreme cold.

Guarantee: We guarantee to replace or refund the cost of any plant which fails to survive for a reasonable period of time after delivery providing it has been cared for correctly especially during extremes of weather.

Trade Orders Welcome: Please contact Andrew Mills, The Nursery Manager or see our website for more details of credit terms and discounts available.

Export Orders: Please let us have the list of plants you require. An estimate of the ancillary costs and current availability will then be submitted to you.

Terms of Business: See reverse of Order Form or website.

Pot Sizes

Almost all of our herbaceous plants are grown in 1.5 or 2 litre pots. The vast majority of our shrubs are grown in 2.5 or 3 litre pots and sometimes even larger pots particularly later in the season.

We do not offer for sale or send out tiny plug plants or small liner plants.

If we only have in stock plants which are in smaller pots and smaller in size than the normal price quoted and the standard size in our catalogue we will always reduce the price accordingly and make this clear on the delivery note.

If you need more information on specific pot sizes please call us on: 01209 860316

ACER

Specimen sized varieties of Acer palmatum are in 10 or 15 litre pots and are all approximately 4-6 feet in height.

Specimen sized varieties of Acer palmatum Dissectum are smaller growing and therefore considerably smaller in size although of a similar age.

BURNCOOSE NURSERIES LANDSCAPING

PLANNING & PLANTING SERVICE

Turfing • Seeding • Pruning • Patios • Rockeries • Paving • Pools

Burncoose Nurseries offer a full landscaping service covering all aspects of hard and soft landscaping work, but our speciality is in planning and planting. Since the nursery offers some 3,500 different varieties of ornamental trees, shrubs and herbaceous plants we have a wealth of expertise and alternative designs to offer using our own plants.

After many years experience designing Cornish Gardens, we are familiar with the problems of wind damage, exposure and salt sprays which exist in so many coastal and even inland gardens in Cornwall.

Although straightforward design and planting work is a major part of our landscape business, we are very happy to undertake patios, rockeries, paving, pools, turfing, seeding, pruning, or virtually any other landscaping work.

If you have a new garden, or wish to upgrade an existing garden or simply start again after a substantial pruning please contact:
Philip Knuckey on 01209 860316.

Philip will arrange to call on you to discuss your longer term plans, objectives and requirements. We will then prepare a detailed planting list and sketch plan for you to consider.

Phil Knuckey
 Phil is the partner who runs the landscape department. Philip has over 30 years experience designing, building and planting gardens for customers throughout Cornwall. His father David Knuckey, won more gold medals at RHS shows for Burncoose than any other exhibitor.

Phyllostachys nigra

Sasa veitchii

BAMBOO

- Chimonobambusa quadrangularis - Square-stemmed bamboo** rare species requiring shelter but which is highly invasive. New shoots can appear several feet from the old stems
Large **£19.00** Each **3 for £45.00**
- ☛ **Chusquea culeou** - hardy species forming dense clumps. Olive green canes grow 3-4 metres with the leafy branches in a bottlebrush effect
Small **£16.00** Large **£30.00**
- ☛ **Fargesia nitida - Fountain bamboo** - slender canes up to around 12 feet, good hedging plant
£19.00
- ☛ **Phyllostachys aurea - Fishpole bamboo, Golden bamboo** tall graceful species, canes bright green at first becoming deep yellow-green and finally brown at maturity. Young shoots edible in spring
Small **£35.00** Large **£65.00**
- ☛ **aureosulcata 'Aureocaulis - Crookstem bamboo, Yellow-groove bamboo** - sulphur yellow canes with occasional green stripes near the bases
Small **£35.00** Large **£65.00**
- ☛ **'Spectabilis'** - colourful and robust with golden canes, green grooved and sometimes burnished red in young growth. Fully hardy and best grown in the open so the full spectacle of these brilliantly coloured stems can be properly seen
Small **£35.00** Large **£65.00**
- ☛ **bambusoides 'Castellonis' - Giant timber bamboo** canes shining green at first becoming deep yellow-green and finally brown
Small **£45.00** Specimen **£75.00**
- ☛ **bissettii - David Bisset bamboo** - fully hardy species. Splits from canes used for weaving in China. White striping on the culm
Small **£17.50** Large **£35.00**
- ☛ **flexuosa - Zigzag bamboo** - tall growing bamboo with edible young shoots in spring and green canes. A good screening bamboo which, although it is fairly slow to form large clumps is not very invasive
Large **£35.00**
- ☛ **nigra - Black bamboo** - graceful arching habit, canes green at first becoming mottled dark brown or black. Prefers a sunny position
Small **£35.00** Large **£70.00**
- ☛ **vivax 'Aureocaulis'** - fully hardy and perhaps the most spectacular of all bamboos. Magnificent golden canes randomly striped green
Small **£35.00** Large **£65.00**
- ☛ **Pleioblastus auricomus - (Arundinaria auricoma)** - very hardy bamboo growing up to 3 feet with purplish green canes and bright yellow and green foliage. Ideal for landscaping **£13.50**
- ☛ **variegatus - (Arundinaria fortunei)** - low tufted species forming dense thickets. Suitable for rock garden, 2-3' tall, silver variegated
£12.50 Each **3 for £30.00**
- ☛ **Pseudosasa japonica - Arrow bamboo** - the hardiest and most commonly used hedging bamboo which has seeded and died out in many Cornish gardens over recent years
Large **£35.00**
- ☛ **Sasa palmata 'Nebulosa'** - medium sized bamboo with broad palmate leaves, growing up to 6-7' tall. Makes an excellent hedge or windbreak. New shoots form a favourite food for Pandas
£20.00
- ☛ **ramosa - (Arundinaria vagans)** - quick spreading hardy and dense bamboo with attractive light green new shoots and leaves. Grows to a maximum of 3 feet
£9.50 Each **10 for £75.00**
- ☛ **tsuboiana** - grows to about 5 feet eventually in a dense round clump and is totally hardy. Less vigorous than S. palmata and less invasive. The leaf edges show some bleaching in winter
£17.50
- ☛ **veitchii** - stems up to a maximum of 4 feet
£14.50 Each **10 for £110.00**
- ☛ **Semiarundinaria fastuosa - Narihira bamboo** - very hardy vigorous bamboo growing up to 20 feet plus with handsome glossy green canes. Young shoots are edible
Large **£60.00**
- ☛ **Shibataea kumasasa** - compact habit, leaves tinged gold when grown in full sun
£14.50 Each **3 for £36.00**
- ☛ **Yushania anceps - Anceps bamboo - (Arundinaria anceps)** ideal for screens and hedging although fairly rampant. Grows up to 3-3.5 metres and will withstand strong winds
Large **£18.50** **10 for £160.00**

Phyllostachys vivax 'Aureocaulis'

Berberis valdiviana

Berberis thunbergii 'Harlequin'

Berkheya purpurea

- TS **BACCHARIS - Groundsel tree**
halimifolia - Bush groundsel, Sea myrtle - an excellent shrub for coastal situations with sage-green leaves and long panicles of white groundsel-like flowers
£14.00
- GC/E **BALLOTA - Horehound**
☛ **pseudodictamnus - False dittany, Shrubby horehound** grey-green foliage, pink flowers
AUG-SEP **£9.50** Each **3 for £25.00**
- BANKSIA - see PROTEA**
- H **BAPTISIA - False indigo**
☛ **australis** - clear blue lupin-like flowers and attractive deep green leaves
JUN-JUL **£12.50**
- GC/E **BERBERIDOPSIS - Coral plant**
corallina - woody climber from moist woodland in Chile. Coral-red flowers.
JUN-SEP **£16.50**
- BERBERIS - Barberry** All **£11.50** Each
Any 3 for £27.50 Any 10 for £85.00 Except where priced
- DS/E **buxifolia 'Pygmaea'** - dwarf growing form with single amber-yellow flowers
MAR-APR
- TS/E ☛ **darwinii - Darwin's barberry** - bright orange flowers
MAR-APR
- MS/E **gagnepainii var lanceolata** - a dense shrub with narrow leaves and black berries which makes an impenetrable hedge
MAR-APR
- MS/E **julianae - Wintergreen barberry** - dense evergreen with spiny prickles and scented yellow flowers. A good hedging plant
APR-MAY
- MS/E **linearifolia 'Orange King'** - evergreen leaves and rich orange flowers
MAR-APR **£17.50**
- MS/E ☛ **x lologensis 'Apricot Queen'** - evergreen leaves and apricot orange flowers
APR-MAY **£17.50**
- MS/E **x media 'Park Jewel'** - dense prickly habit, yellow flowers and red-purple fruits
MAR-APR
- TS **x ottawensis 'Superba'** - yellow flowers, purple foliage, strong grower
MAR-APR
- x stenophylla 'Handsworth'** - long arching branches, suitable for hedging
- DS **thunbergii - Japanese barberry** - green leaves changing to orange-red in autumn. Suitable for hedges
All MAR-APR
- DS ☛ **'Admiration'** - compact, low growing variety with lovely orange-red leaves with a yellow edge. Good orange autumn colour
- MS **'Atropurpurea'** - best purple foliage berberis
- DS ☛ **'Atropurpurea-nana'** - dwarf purple berberis
- DS **'Aurea'** - bright gold foliage
- DS **'Bonanza Gold'** - compact growing Berberis with stunning golden-yellow leaves both in full sun or partial shade
- MS ☛ **'Gold Ring'** - leaves purplish-red with greenish-yellow border
- MS ☛ **'Harlequin'** - cream, green and pink foliage
- MS **'Red Chief'** - deep reddish purple leaves on bright red stems
- MS ☛ **'Rose Glow'** - leaves of young shoots purple, mottled silvery pink and bright rose, becoming purple later
- MS ☛ **'Starburst'** - foliage emerges pale green then turns creamy-white by midsummer and finally mottled pink turning to deep red in autumn
- TS/E **valdiviana** - a wonderful species with long drooping racemes of saffron-yellow flowers and large leathery spineless leaves
MAY-JUN **£20.00**
- MS/E ☛ **verruculosa** - leaves are dark green on top and grey-white underneath. Golden yellow flowers in late spring.
APR-MAY
- MS **wilsoniae** - grey-green leaves brownish red in autumn. coral-red berries
MAY-JUN

All **9.50** Each **3 for £22.00**
'Abendglut' - (*Evening Glow*) - dark red semi-double flowers
MAR-MAY
- cordifolia 'Purpurea'** - dark lilac red flowers
APR-MAY
- ☛ **'Morgenrote'** - (*Morning Red*) - dark, purple red
MAR-MAY
- ☛ **'Silberlicht'** - (*Silver Light*) - white flowers changing to soft pink
APR-MAY
- ☛ **'Sunningdale'** - deep pink flowers, leaves reddish in winter
APR-MAY
- H **BERKHEYA - South African thistle**
purpurea - striking South African thistle with large purplish-white flowers and large silvery-grey leaves with cottony-white undersides
£9.00 Each **3 for £22.00**
- MS/E **BESCHORNERIA**
☛ **yuccoides** - rare but hardy yucca-like plant with bluish green leaves and drooping racemes of bright green and coral-red flowers on tall stems
£16.50
'Quick Silver' - rosette of grey-green leaves developing a silver sheen in full sun with panicles of flowers to 3ft.
£17.50

- T **BETULA - Birch**
T **albo-sinensis 'China Ruby'** - an original Chinese introduction by Ernest Wilson and arguably one of very finest birches for its bark. Peeling bark is creamy-white flushed grey and pink maturing to a coppery-red. Spectacular!
H/Std **£50.00**
var. septentrionalis - Chinese red-barked birch - a rare species but one of the most attractive of all birches. The paperlike bark is pink & red and peels off in rings from around the trunk each season when mature
Whip **£25.00** H/Std **£45.00**
- ermanii - Erman's birch, Russian rock birch** - trunk yellowish-white turning brownish yellow after peeling
Whip **£25.00** H/Std **£45.00**
- nigra - Black birch, River birch** - purplish orange bark in more mature trees
Whip **£19.00**
- papyrifera - Canoe birch, Paper birch** - white bark
Large **£25.00**
- pendula - Common silver birch, Lady of the woods**
£6.50 Each **10 for £50.00**
- ☛ **'Laciniata' - Swedish birch - (syn. 'Dalecarlica')** - daintily cut leaves and very pendulous branchlets although branches are not weeping
Small H/Std **£45.00**
- ☛ **'Tristis' - Weeping birch** - tall tree with pendulous branches
H/Std **£42.50**
- 'Youngii' - Young's weeping birch** - small weeping tree with pendulous branches and usually no leading stem
H/Std **£42.50**
- T **'Royal Frost'** - white stem, reddish leaves at first turning to a dramatic yellow in autumn
H/Std **£47.50**
- utilis var jacquemontii - Himalayan birch** - beautiful white bark especially when viewed in winter from a distance
Whip **£25.00** H/Std **£47.50**
- ☛ **'Jermyns'** - snowy-white bark and showy yellow catkins
6 ins or longer
Whip **£25.00**
- BIGNONIA - see also PANDOREA (evergreen Bignonia)**
- BIGNONIA - see CAMPSIS**
- GC/E/GR **BILLARDIERA - Appleberry** - All flower MAY-JUN
☛ **longiflora - Climbing blueberry, Purple appleberry** creamy-white flowers followed by bright blue berries
£14.50
'Cherry Berry' - creamy-white flowers followed by large red berries
£15.50
'Fructo Albo' - rare form with white fruits
£16.50
- BLECHNUM - see HARDY FERN**
- BLUEBERRY - see VACCINIUM**
- GR/C **BOMAREA - Climbing alstroemeria**
caldasii - beautiful twining climber with clusters of long brick red-orange funnel-shaped flowers which are yellow-orange on the inside. Will not tolerate frost as young plants but are more robust in maturity when they die down for the winter
MAY-SEPT **£14.00**
- MS/E/GR **BORONIA**
heterophylla - deep cerise pink flowers in profusion. A most attractive greenhouse or conservatory plant
MAR-JUN **£13.50**
'Ice Charlotte' - white flowers with just a touch of pink on the bud. A stunning new conservatory plant although with perhaps not as much scent as other varieties
MAR-MAY **£14.50**
- BOTTLEBRUSH - see CALLISTEMON**
- BOX - see BUXUS**
- BRACHYLOTTIS**
(Formerly Senecio), Shrubby ragwort
DS/E **bidwillii** - compact, dwarf shrub with thick shining leaves. The undersides of the leaves and stems are covered in white indumentum
£9.00 Each **3 for £24.00**
- MS/E **monroi** - dense shrub with many branches and masses of yellow flowers in summer
JUN-AUG **£9.00** Each **3 for £24.00**
- GR/TS/E **repanda - Bushmansfriend, Pukapuka, Rangiora** - large shrub with dramatic large leaves clothed underneath with white felt. Flowers are greenish-white in large panicles. In New Zealand it is known as 'bushman's toilet paper'
£16.00
'Purpurea' - Bushmansfriend, Purple rangiora large purple leaves. A handsome foliage plant
£17.50
- MS/E ☛ **'Sunshine' - Ragwort** - often confused with B. greyi which is rare in cultivation, this attractive grey leaved shrub forms a dense mound of around 3 feet high and 3 feet across. Sometimes used as a low hedge in coastal areas. Large yellow flowers
£9.00 Each **10 for £75.00**

- BROOM - see CYTISUS**
- TS **BROUSSONETIA**
papyrifera - Paper mulberry - male has yellowish curly, woolly catkins and the female produces globular orange-red fruits. A handsome shrub the bark of which is used for paper making in Japan
Small **£17.50** Large **£37.50**
- 1 **BRUGMANSIA - see DATURA**
- H **BRUNNERA - Chatham Island forget-me-not, Perennial forget-me-not**
All Flower APR-MAY All **£9.00** Each **3 for £22.00**
macrophylla - Siberian bugloss - giant 'Forget-me-not', deepest blue
☛ **'Hadspen Cream'** - green leaves margined creamy-yellow
☛ **'Jack Frost'** - dramatic silver leaves with narrow green edges and bright blue flowers
'Variegata' - (syn 'Dawson's White') - large leaves are edged white

Brunnera macrophylla 'Jack Frost'

Brunnera macrophylla

"My plants arrived safely this week and are in beautiful condition. Thank you". Jennifer Monahan

BUDDLEJA

All **£11.50** each | Any **3 for £30.00** Except where priced

Buddleja davidii 'White Profusion'

Buddleja davidii 'Pink Delight'

Buddleja davidii 'Adonis Blue'

BUDDLEJA - Buddleia, Butterfly bush

- TS ☛ **alternifolia - Fountain buddleja** - mauvish-purple flowers along stems
JUL-AUG **£14.00**
'Argentea' - leaves are covered with silvery hairs giving this form a silvery sheen
£15.50
- GR/MS/E **auriculata - Weeping sage** - heavily scented creamy-white flowers

JUN-JUL **£15.50**

Buddleja x weyeriana 'Sungold'

Buddleja crispa

Buddleja globosa

Calceolaria integrifolia

Callistemon citrinus 'Perth Pink'

Callistemon laevis

Caesalpinia gilliesii

Calceolaria integrifolia

Calycanthus floridus

BUPLEURUM - *Thorow wax*
fruticosum - *Shrubby hare's ear* - excellent evergreen for coastal situations. Sea green foliage and yellow flowers. Difficult to propagate JUL-SEP **£14.00**

BUTIA - *Pindo palm*
capitata - *Jelly palm* - slow growing palm with strongly arching blue-green to grey-green tinted leaves. Tender but highly ornamental plant suitable for the patio Large **£65.00**

BUXUS - *Box, Boxwood*
sempervirens - *Common box, Dudgeon* - Please ask for quotes and exact sizes on quantity orders Small **£3.25** Each **10 for £27.50** **100 for £240.00** Topiary Balls **£85.00** Each

'Elegantissima' - leaves green with irregular creamy-white margins Small **£3.50** Each **10 for £30.00** **100 for £275.00**

suffruticosa - *Edging box* - edging box Small **£3.50** Each **10 for £30.00** **100 for £275.00**

CAESALPINIA - *Nicker-bean*
gilliesii - *Bird of paradise shrub* - large erect racemes of up to 40 individual yellow flowers with scarlet stamens. Needs frost protection except in the mildest locations JUN-JUL **£16.00**

CALCEOLARIA - *Slipper flower*
integrifolia - a sun-loving but not fully hardy plant with corymbs of large yellow flowers in mid-late summer **£10.50** Each **3 for £26.00**

CALICO BUSH - see **KALMIA latifolia**

CALLICARPA - *Beauty berry, French mulberry*
bodinieri var giraldii '*Profusion*' - lilac flowers followed by violet fruits borne in profusion in autumn **£16.00**
dichotoma - compact shrub with pink flowers in summer and dark lilac coloured fruits in autumn **£16.00**
japonica '*Leucocarpa*' - pale pink flowers and large white fruits **£16.00**
kwangtungensis - purple-lilac berries and purple leaf colour in autumn **£35.00**
mollis - red-purple, flowers mid-spring **£16.00**

CALLISTEMON - *Bottlebrush*
 Range of shrubs to small trees with bottlebrush-like flower spikes in shades of red, purple, pink, white, green or yellow. All **£14.50**
citrinus - *Crimson bottlebrush, Lemon bottlebrush* lemon scented leaves and bright red flower spikes
'Little John' - miniature habit, deep red flowers JUN-JUL
'Perth Pink' - clear pink flowers JUN-JUL
'Red Cluster' - compact growing with deep scarlet flowers
'Splendens' - the most vivid scarlet flowers
laevis - large green leaves and red flowers
linearis - *Narrow-leaved bottlebrush* - narrow leaved species with matt-red flowers
pallidus - cream coloured flowers and narrow leaves
rigidus - *Stiff bottlebrush* - hardy red bottlebrush which thrives in poor soils in full sun AUG-SEP
salignus - *White bottlebrush, Willow-leaved bottlebrush* one of the hardiest of the bottlebrushes with narrow willow-like leaves and pale yellow flowers MAY-JUL
sieberi - *Alpine bottlebrush* - (*pitoyoides*) - This is the hardiest species with narrow leaves and pale yellow flowers in short spikes
viminalis - *Weeping bottlebrush* - attractive weeping habit with bright red flowers. Had proved hardy at Burncoose MAY-JUN

CALLUNA - see **HEATHERS**

CALOCEDRUS
decurrens - *Incense cedar* - dense dark green foliage and a distinct columnar habit **£15.00** Large **£22.50**
'Aureovariegata' - irregular golden twigs and tips make this variegated form an attractive backdrop to a more formal planting **£18.00**

CALTHA - *Kingcup, Marsh marigold*
palustris - creeping rhizomes and buttercup-yellow flowers. Best grown on the edge of water or in a bog **£9.00** Each **3 for £22.00**

CALYCANTHUS
floridus - *Carolina allspice, Carolina sweetshrub* - (*fertilis*) shiny green leaves with attractive deep carmine magnolia-like flowers. Small **£17.50** Large **£35.00**
'Athens' - the exceptionally rare yellow flowered form of this attractive plant **£35.00**
'Purpureus' - leaves tinged purple beneath MAY-JUL **£30.00**
occidentalis - *California spicebush, Californian allspice* rarer Californian species with larger brownish-red flowers than *C. floridus* Large **£35.00**

CAMELLIA

Close up pictures of all our camellia flowers can be seen at: www.burncoose.co.uk

Small all **£9.00** each
 Approx plant size 6 - 10 inches
Any 5 for £35.00
Any 10 for £65.00

Camellia Pot Sizes Large, Medium and Small

This picture is for illustrative purposes only. Some varieties may vary in size.

20-30 inches depending on the time of the year

3 - 4 litre 1.5 - 2 litre 9cm

We are more likely to be sold out of larger sized plants than smaller ones. Please do specify substitutes if and where you can. Some varieties flower in OCT-NOV, others go on from JAN-MAY.

Please send for our Autumn list of field grown specimen sized camellias priced at **£50.00** each **3 for £125.00**.

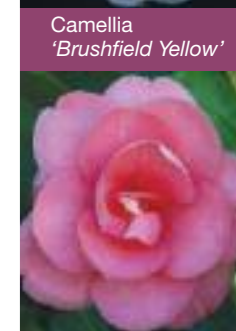

CAMELLIA

- 'Adelina Patti'** - mottled single pink with white edge often 'sports' white and red flowers on same bush
- 'Adolphe Audusson'** - large semi-double scarlet with red and yellow stamens
'Variegated' - red flowers have a white variegation
- 'Althaeiflora Gigantea'** - scarlet paeony form with deeper centre
- 'Amabel Lansdell'** - pink semi-double, paeony form
- 'Anemoneflora'** - turkey-red anemone-shaped flowers
- 'Angel'** - semi-double white flowers
- 'Annette Gehry'** - anemone form with light lavender-pink flowers shading to white
- 'Ann Sothern'** - semi-double soft pink fading to white centre
- 'Anticipation'** - large paeony form, deep rose-pink
- 'Apollo'** - semi-double glowing red, sometimes blotched white.
- 'Apple Blossom'** - single white flushed rose
- 'Augusto Leal de Gouveia Pinto'** - light lavender-pink with each petal bordered white, semi-double
- 'Ballet Queen'** - large flowered salmon pink paeony or anemone form
- 'Barbara Woodruff'** - light orchid-pink outer petals and a creamy-white centre
- 'Beatrice Michael'** - x williamsii. Very pale pink single flowers which open flattish
- 'Berenice Boddy'** - semi-double clear pink
- 'Betty Sheffield Supreme'** - semi-double white with pink border which often sports
- 'Blackburniana'** - double anemone form, crimson
- 'Black Lace'** - very dark red formal double flowers with a silvery sheen
- 'Blood of China'** - vivid salmon-red with irregular petals
- 'Bob Hope'** - very large red irregular semi-double
- 'Bob's Tinsie'** - small brilliant red anemone form flower
- 'Brigadoon'** - very large semi-double, silver pink
- 'Brushfield's Yellow'** - opens creamy yellow, anemone form
- 'Burncoose'** - single pale pink with very compact growth
- 'Caerhays'** - double purplish pink
- 'Cara Mia'** - semi-double blush-pink shading to pink
- 'Carter's Sunburst'** - double white blotched pink
- 'Celebration'** - sport of Donation with much larger fuller flowers which are a very deep pink and almost red

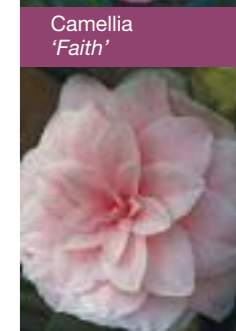

- 'Christmas Daffodil'** - pale pink anemone form with narrow daffodil-like trumpet
- 'Citation'** - *syn. Delia Williams* - light pink fading white
- 'Conspicua'** - double carmine-red
- 'Contessa Lavinia Maggi'** - large formal double white striped red which often sports
- 'Cornish Snow'** - a Caerhays Castle hybrid with small single white flowers in profusion usually from December to April
- 'Cornish Spring'** - a *C.cuspidata* cross with single bright pink flowers
- 'Dainty'** - (*California*) - blush white striped red with fringed and ruffled petals
- 'Dear Jenny'** - white semi-double
- 'Debbie'** - very full double paeony, flowers deep pink
- 'Debutante'** - light pink paeony form
- 'Desire'** - pale pink edged deeper pink, formal double
- 'Devonia'** - single white, cup-shaped flower
- 'Dona Herzilia de Freitas Magalhaes'** - deep red with violet shade, semi-double
- 'Donation'** - large semi-double silvery pink
- 'Drama Girl'** - very large red
- 'Dr Burnside'** - very dark red paeony form
- 'Duchess Decazes'** - soft pink paeony form edged and veined white
- 'E.G. Waterhouse'** - formal double silvery pink
- 'Elegans'** - large pink anemone flowered
- 'Elegant Beauty'** - anemone form with deep rose flowers and deeper veining
- 'Ellamine'** - single fuchsia pink flowers
- 'Emperor of Russia'** - very brilliant red paeony form with twisted inner petals
- 'Erin Farmer'** - semi-double pink and white
- 'Faith'** - rose-pink semi-double with white variegation
- 'Firebird'** - vivid scarlet semi-double

Camellia 'Brushfield Yellow'

Camellia 'Faith'

Camellia 'Augusto Leal de Gouveia Pinto'

"Thank you very much for the collection of 10 mini Camellias delivered yesterday. These plants arrived during a very cold snow-covered day here in Norfolk and the temperature at the time was -9. All the plants were received in excellent condition and the driver was careful enough to carry the box the right way up! Many thanks". Muriel Barnes, Attleborough

CAMELLIA

RxJ **'Forty Niner'** - brilliant red paeony form
W **'Francis Hanger'** - single white with undulated leaves
J **'Frans van Damme'** - deep rose-pink striped white
J **'Fred Sander'** - brilliant scarlet flowers which curl at the rim and resemble red carnations
W **'Galaxie'** - unusual deep striped medium pink
W **'Gay Time'** - Double flowers, reddish-purple fading to white
W **'George Blandford'** - early flowering pinkish-mauve semi-double - paeony form
W **'Golden Spangles'** - single pink with golden variegated foliage
J **'Grace Bunton'** - semi-double, petals deep pink at margins fading to cream
J **'Guilio Nuccio'** - large semi-double salmon-red
W **'Gwavas'** - large frilled pale pink
J **'Gwenneth Morey'** - creamy yellow anemone form
J **'Hatsu Zakura'** - large salmon-pink with petaloid centre
J **'High Hat'** - large light pink shadowed white. Very early
W **'Hiraethlyn'** - single pale pink fading to white at the base
S **'Hugh Evans'** - prolific single pink, scented
W **'J.C. Williams'** - soft pink single
J **'Janet Waterhouse'** - semi-double pure white with golden anthers
J **japonica - Common camellia** - smallish single bright red flowers
S **'Jean May'** - double-paeony form, shell pink and deep in the centre with white margin
W **'Jenefer Carlyon'** - large semi-double, silvery-pink
J **'Jingle Bells'** - red sport of 'Tinkerbell'
W **'John Pickthorn'** - darkish single pink with funnel-shaped flowers
J **'Jovey Carlyon'** - double white flowers flushed blush-pink
J **'Juno'** - showy single red flowers
J **'Jupiter'** - very large semi-double red with yellow stamens
W **'Jury's Yellow'** - anemone form, creamy yellow
J **'Kenny'** - paeony form with large carmine flowers splashed with white
J **'Kramer's Supreme'** - bright red paeony form with some fragrance

J **'Lady Clare'** - large semi-double pink with spreading habit
J **'Lady de Saumarez'** - sport of C. 'Tricolor' with single pink blooms
J **'Lady Erma'** - early flowering pink paeony form
W **'Lady's Maid'** - Light orchid-pink, semi-double
RxW **'Leonard Messel'** - very large frilled semi-double pink
J **'Madame Le Bois'** - cherry-red outer petals and pink inner ones
J **'Magnoliiflora'** - hose-in-hose semi-double blush pink. Petals curve outwards
J **'Margaret Davis'** - white formal double with pink picotee edge
W **'Margaret Waterhouse'** - semi-double, rose colour
J **'Margherita Coleoni'** - red formal double
J **'Marguerite Guillon'** - pink paeony form spotted and streaked vivid red
J **'Marie Bracey'** - coral pink double flowers
J **'Mars'** - large semi-double red flowers
J **'Mary Costa'** - loose anemone form with white flowers and pronounced yellow stamens
W **'Mary Larcom'** - large single light pink flowers
W **'Mary Phoebe Taylor'** - very large paeony form flowers light rose-pink
R **'Mary Williams'** - vigorous grower which usually sets massive seeds. Large single pink with yellow stamens
J **'Mathotiana Rubra'** - deep red, very late flowering
J **'Mercury'** - semi-double crimson with deeper veining
J **'Midnight'** - semi-double black-red with yellow stamens
J **'Miss Charleston'** - semi-double crimson
W **'Monica Dance'** - mottled pink semi-double
J **'Monsieur Faucillon'** - rose-cerise flowers
R **'Mouchang'** - Very large single to semi-double salmon-pink flowers
W **'Muskoka'** - large single pink flower which opens fairly flat
J **'Nagasaki'** - large semi-double red splashed white
S **'Narumigata'** - single white scented
J **'Nobilissima'** - early flowering double white which was one of the first camellias introduced into England
J **'Onetia Holland'** - semi-double, white with tiers of petals surrounding golden stamens

S **'Paradise Blush'** - deep pink buds opening to pure white semi-double with pink on reverse. Long flowering
S **'Paradise Glow'** - large deep glowing pink
S **'Paradise Little Liane'** - white informal double flowers, small leaved and compact
S **'Paradise Vanessa'** - semi-double white flushed pink
J **'Peach Blossom'** - light pink semi-double
W **'Philippa Forwood'** - light pink flowers
J **'Pink Clouds'** - cream-pink and marked deeper pink changing to light lavender-pink
J **'Polar Ice'** - C. oleifera hybrid. White anemone form flowering early in season
J **'Quintessence'** - miniature white flowers in profusion and a strong perfume
J **'R.L. Wheeler'** - very large double, light red
W **'Red Dahlia'** - scarlet-red paeony form
J **'Reigyoku'** - unusual golden variegated foliage, single red
J **'Roger Hall'** - clear red formal double
W **'Rosemary Williams'** - deep pink single
JXR **'Royalty'** - Bright pink semi-double flowers with white filaments
J **'Rubescens Major'** - crimson flowers with darker veining
W **'Ruby Wedding'** - currant-red, anemone to paeony form with a dense upright habit
J **'Rusticana' - Snow camellia** - pink to red semi double
S **sasanqua 'Rosea Plena'** - old fashioned original form of sasanqua with tiny pink flowers from October onwards. Compact habit and small curling leaves
S **White** - old fashioned original form of sasanqua with tiny white flowers from October onwards. Compact habit and small curling leaves
W **'Sayonara'** - clear pink, semi-double
J **'Shin-akebono'** - open white flowered paeony form. Often very early in the season
J **'Shinonome'** - double pale pink with white spots
J **'Silver Anniversary'** - very large double paeony form, white
Sp **sinensis - Tea camellia** - Species. The tea plant widely used

in tea production. Compact habit and small white flowers in NOV-DEC Small only £12.50 Each
J **'Snow Flurry'** - C. oleifera hybrid. Autumn flowering, white
S **'Sode-gashuki'** - (*Syn. Gauntlettii*) - very large white semi-double lily form
J **'Souvenir de Bahaud Litou'** - light pink large formal double
S **'Sparkling Burgundy'** - early flowering rose-pink double
W **'St. Ewe'** - single deep pink
J **'Strawberry Swirl'** - soft pink paeony flowers with white margins on the petals and an occasional rose stripe
J **'Takanini'** - deep plum-red flowers
J **taliense** - a species with creamy flowers with conspicuous yellow stamens
J **'The Czar'** - large semi-double crimson
J **'Tiffany'** - double soft pink
J **'Tomorrow'** - very large semi-double rose coloured flowers
J **'Tomorrow Park Hill'** - very large double soft pink
R **'Tristrem Carlyon'** - paeony form, red with central petaloids streaked white
Sp **vernalis 'Dawn'** - Species. A hybrid between C. japonica and C. sasanqua which usually flowers in JAN-FEB. Foliage often has yellowish variegation just on odd branches
J **'White Nun'** - large semi-double with thick petals of pure white
W **'Wilber Foss'** - paeony form with brilliant pink-red flowers
S **'Winter's Joy'** - bright pink semi-double or paeony form with wavy margins
S **'Winter's Snowman'** - anemone form, pure white
S **'Winter's Toughie'** - pink semi-double
SxW **'Winton'** - profusions of small dainty pink flowers similar to 'Cornish Snow'

Camellia 'Pink Clouds'

Camellia 'The Czar'

"Thank you for our recent order. The plants were extremely well packed and in beautiful condition. They are now safely planted. Best wishes from sunny Cumbria". Freda and Robert Bruce

CAMPANULA - Bellflower All £9.00 Each 3 for £22.00		
♀	carpatica 'Blue Clips' - Carpathian bellflower - large, deep blue flowers. MAY-JUN	
H	glomerata 'Alba' - white bellflower	
♀	'Superba' - deepest purple, rounded heads MAY-JUN

 ☞ **japonica** - excellent glossy foliage and an attractive habit which makes for an architectural or **£13.50** Large **£35.00** Specimen **£80.00**
 ☞ **'Variegata'** - rarer variegated form with white or gold edging to the leaves **£15.00**

FEIJOA - see ACCA

FERN - see HARDY FERNS

OG **FESTUCA** - *Fescue* All **£9.00** Each **3 for £22.00**
 H/E **glauca** - *Blue fescue* - a grass with greyish blue tussocks
 H/E **'Elijah Blue'** - *Grey fescue* - striking improved blue form

FICUS - *Fig*
 F ☞ **carica 'Brown Turkey'** - *Common fig* - free-fruited fig with a good yellow autumn colour. The fruits have purple-brown skins when ripe and are rich and sugary which makes this an excellent dessert variety Small **£16.50** Large **£45.00** Z
 F **'Celeste'** - green foliage with a yellow tinge on this small tree. Sweet purple blushed fruit excellent for eating and preserving Large **£45.00** Z
 F **'White Adriatic'** - a small tree with yellow-green fruit and pinkish strawberry flavoured flesh Large **£45.00** Z
 C/E **pumila** - *Climbing fig, Creeping fig* - root clinging climber with ovate leaves which covers the walls here at Burncoose and produces solitary pear-shaped hairy figs **£15.00**

Exochorda x macrantha 'The Bride'

Fabiana imbricata violacea

Fascicularia bicolor

Eryngium bourgatii 'Picos Amethyst'

Erythrina crista galli

Eucomis bicolor

Erysimum 'Apricot Twist'

Eucryphia 'Pink Cloud'

Eucryphia x nymansensis Nymansay

- The Australia and New Zealand garden
- The bog or water garden
- The coastal or windswept garden
- The conservatory or greenhouse garden
- The cottage garden
- The scented garden
- The sub-tropical or mediterranean garden
- The town garden
- The woodland garden

Designing your own garden is fun and a challenge. But if you have no idea where to start or would like some ideas then we have listed on our website (with pictures and prices) the 12 most popular plants for particular types of garden (listed right) as selected and bought by our customers themselves.

The nursery is also more than happy to put together a brief design layout plan and planting list for mail order customers who can email or send in photographs of their garden with brief location details. No charge is made for this service providing the bulk of the plants are ordered from Burncoose.

"Thank you for your help and assistance in regards to the Hoya Carnosa. Should I require other plants or even the same I will not hesitate in contacting you" Natalie Tuck

Humulus lupulus 'Aureus'

Hoya lanceolata subsp. bella

Louise Holland supervises the selection, lifting and packaging of all mail order despatches from Burncoose. Louise has worked at Burncoose for many years and has the most up to date awareness of stock availability on the nursery.

It is Louise and her team that you have to thank for all the care and attention given to lifting preparing and packaging thousands of your orders.

The Packing Team

From our nursery safely to your door

It is rare for any two mail orders to be identical so packing individual orders which might contain a 3 metre tree as well as shrubs and herbaceous plants is a skilled business.

There is no such thing as a standard box and part of the skill of the packer is to ensure that plants are secure and fully protected for shipment.

Many customers are concerned about the risks of damage in transit. Our experience is that breakages are thankfully very rare and we hope that this is in no small measure due to the experience and expertise of our packing department.

All larger orders are dispatched by overnight courier to arrive on the next working day.

Smaller orders are dispatched by guaranteed 24-hour service which is traceable and insured. The 24-hour service applies to working days and not weekends.

During the course of one year we will despatch separate orders to well over 20 different countries.

For more information see the order form in this catalogue or visit our website: www.burncoose.co.uk

Recycling

We try to use when ever possible recycled materials for our packing. This includes the boxes, shredded material and wrapping paper.

BURNCOOSE NURSERIES AT CHELSEA 2013

After months of planning, designing, and growing, all of the hard work paid off when Burncoose Nurseries received the news that they had been awarded a well deserved Silver Gilt Medal for their 'Traditional Plantsman's Garden' at the RHS Chelsea Flower Show.

Designed by Louisa Lazarowicz and Geraldine Hammond, the garden, which is once again supported by Terra Firma Capital Partners, was created to illustrate how a garden exhibit would have been seen in the early days of RHS Chelsea Flower Show.

Terra Firma uses their sponsorship at RHS Chelsea to support the work of The Prince's Trust in changing young lives. This year, Prince's Trust Ambassador, Dame Helen Mirren visited the Burncoose stand, she said, "This is the second time I have visited the Burncoose Nurseries stand at Chelsea. I admire the concept of a traditional plantsman's garden, which is designed to show how spectacular RHS Chelsea would have been 100 years ago and how this evolved to what we know today.

"This garden beautifully reflects the ethos of The Prince's Trust; the early exhibitors and the RHS must have taken a great leap of faith when it came to the very first event 100 years ago. I am sure there were moments when things could have gone wrong were it not for the commitment of all those involved."

Dame Helen Mirren on the Burncoose stand

Tim Pryce, Chief Executive of Terra Firma, said he was pleased to once again support The Prince's Trust on the Burncoose Nurseries stand, he said: "Terra Firma is committed to charitable work and is a proud supporter of The Prince's Trust and the outstanding work they carry out."

"The Chelsea Flower Show is a great place to raise the profile of the work of The Prince's Trust. By linking up with Burncoose Nurseries we are able to showcase very important messages and ideas that affect young people in an exciting and innovate way."

HYDRANGEA

All 2 year old plants. Hydrangeas flower pink or red on an alkaline (lime) soil. They flower blue or purple on an acid (peaty) soil. White varieties remain constant especially in semi-shade. All Flower JUL-OCT.

LARGE SIZED HYDRANGEAS IN 7.5 or 10 litre pots
available in varieties marked with an asterisk *
£25.00 Each | Any 3 for £65.00

All £13.00 each | Any 3 for £30.00 Except where priced

MS/E nitida - Bush honeysuckle - small, glossy, neat foliage good for hedging **£7.50** Each **10 for £60.00**
MS/E ‡ 'Baggesen's Gold' - bright golden yellow form **£7.50** Each **10 for £65.00**
MS/E 'Lemon Beauty' - spreading habit with lemon-gold and dark green leaves **£8.50** Each **3 for £22.00**
MS/E 'Maigreen' - pale green young leaves in spring contrasting with darker green old foliage **£7.50** Each **10 for £65.00**
MS/E 'Silver Beauty' - quick growing sport with distinct silver variegation **£7.50** Each **10 for £65.00**
DS 'Tiny Green' - a new very dwarf variety suitable for tiny hedges **£8.50** Each **3 for £22.00**
DS/E pileata - semi-prostrate form with violet-blue berries, excellent ground cover **£7.50** Each **10 for £65.00**
MS/E ‡ x purpusii 'Winter Beauty' - reddish shoots and fragrant tubular white flowers DEC-APR **£14.00**
TS tatarica 'Arnold's Red' - vigorous shrub with deep purple-red flowers in spring and again in autumn MAR-APR Large **£16.50**
MS syringantha - long ovate grey-green leaves paired or in threes with highly fragrant tubular lilac-pink flowers. A rare and unusual species well worth its place MAY-JUN **£15.00**
TS tatarica 'Hack's Red' - Tartarian honeysuckle, rose-pink flowers MAR-APR **£15.50**

LOPHOMYRTUS

All have white scented myrtle-like flowers and are frost hardy All Flower AUG-SEPT All **£12.00** Each **Any 3 for £27.00**
x ralphii 'Kathryn' - deep purple bullate foliage
DS/E 'Little Star' - a very attractive dome-shaped small shrub with dense tiny white, pink and green leaves
'Logan's Form' - green leaves are initially mottled white then a splendid bright green. Prominent white flowers complete the effect
MS/E 'Multicolour' - young shoots rose-pink becoming mottled green and greyish green margined creamy yellow
DS/E 'Pixie' - small rounded leaves which are an exceptional deep maroon in winter
MS/E 'Red Dragon' - new shoots brilliant red maturing to darker red

LOQUAT - see ERIOBOTRYA

MS/E LOROPETALUM - Chinese fringe flower All **£14.50**
chinense 'Daybreak's Flame' - multicoloured foliage in purples and reds with dark pink witchhazel-like flowers
'Fire Dance' - dark purple foilage and scented pink flowers in late winter
rubrum 'Blush' - pink flowers and reddish-purple foliage

LUMA

All **£12.50** Each **Any 3 for £30.00**

TS/E ‡ apiculata - Chilean myrtle, Orange-bark myrtle white scented flowers and cinnamon-brown peeling bark JUL-SEP
MS/E 'Glanleam Gold' - conspicuous creamy yellow margin to the leaves which are tinged pink in the winter JUL-AUG
TS/E chequen - White Chilean myrtle - (*Myrtus Chequen*) upright shrub with dark green leaves and cup-shaped white flower which are followed by black berries AUG-OCT

LUPINUS - Lupin

All flower JUL-AUG

3 arboreus - Tree lupin, Yellow tree lupin - tree lupin flowers normally pale yellow but occasionally blue **£11.00** **3 for £27.00**
MS/E Herbaceous - All **£9.00** Each **Any 3 for £22.00**
H 'Chandelier' - golden yellow
‡ **'My Castle'** - deep rose-pink
‡ **'Noble Maiden'** - white/creamy-white
'The Chatelaine' - pink with white flag
‡ **'The Governor'** - blue with white flag
'The Pages' - carmine-red

LUZULA - Woodrush

OG nivea - Snowy woodrush - tufty evergreen perennial forming clumps of deep green leaves with panicles of pure white flowers which are good for drying JUN-JUL **£8.50** Each **3 for £21.00**

LYCHNIS - Campion, Catchfly

All **£9.00** Each **3 for £22.00**
H arkwrightii 'Vesuvius' - clear orange-red flowers with dark purple leaves JUN-AUG
‡ **coronaria - Dusty miller, Rose campion** - erect woody silvery-grey stems and purple-red or wine-red flowers JUL-AUG

LYCIUM - Box thorn

MS barbarum - (commercially Goji berry), Duke of Aryll's tea tree, Wolfberry - excellent for coastal exposure, this vigorous shrub has scrambling spiny stems. Funnel-shaped purple flowers are followed by egg-shaped orange berries JUN-SEP **£9.00** Each **3 for £22.00**

LYSICHITON - Skunk cabbage

3.4 H americanus - Bog arum, Yellow skunk cabbage water loving bog plant with large yellow flowers APR-MAY **£14.50** **3 for £35.00**
‡ **camtschatcensis** - huge light green leaves and white flowers. Can only be grown successfully in boggy areas APR-MAY **£15.00**

MAACKIA

T amurensis - Amur maackia - small tree with peeling bark and profusions of long racemes of white pea-shaped flowers MAY - JUN Small **£16.50** Large **£35.00**

MACLEAYA - Plume poppy

H microcarpa 'Kelways Coral Plume' - coral-pink flowers, greyish green foliage JUN-AUG **£9.00** Each **3 for £22.00**

MACLURA

T pomifera - Osage orange - a hardy tree with thorny branches and pale yellow orange-like fruits in maturity. Excellent in chalky areas Small **£14.50** Large **£35.00**

Lychnis arkwrightii 'Vesuvius'

Luma apiculata 'Glanleam Gold'

Lonicera involucrata var. ledebourii

Lupinus 'Chandelier'

Loropetalum rubrum 'Blush'

Lupinus 'The Governor'

MAGNOLIA

Close up pictures of many of these magnolia flowers can be seen on www.caerhays.co.uk as well as the Burncoose website

Magnolia 'Daphne'

Magnolia 'Aurora'

Magnolia 'Butterflies'

Magnolia 'Hot Flash'

Magnolia liliiflora 'Nigra'

Magnolia grandiflora 'Goliath'

Magnolia 'Ians Red'

Magnolia 'J.C. Williams'

Magnolia 'Elizabeth'

Magnolia 'Felix Jury'

Magnolia 'Genie'

Large and **Specimen** sized magnolias are almost all grafted plants. Many are also very rare.

Large plants are 2-3 year old grafts and **Specimen** plants 3-5 year old grafts. Different Magnolia varieties grow at very different speeds and therefore the size of a **Large** or a **Specimen** plant and the exact pot size it is delivered in can vary markedly for plants of identical age.

Large plants: May vary in size according to variety (and also the time of year) from less than 2 feet to 4 feet in 3, 5 or 7.5 litre pots.

Specimen plants: are usually (but not always) between 4 feet and 8 feet in height in 10, 15 or 20 litre pots.

Magnolias do grow very quickly in a single season but do please ring to check the exact size of your chosen variety if you so wish.

If we are unable to offer a **Large** sized plant we may well also have smaller plants at a lower price.

Magnolia 'Caerhays Surprise'

Magnolia 'David Clulow'

Magnolia 'Cleopatra'

MAGNOLIA

- T **acuminata - Cucumber tree** - flowers greenish-blue and yellow in summer and also often in early autumn Large £70.00
- T **'Blue Opal'** - spectacular blue buds turn dark yellow as they open. This is a unique colour in the magnolia world Medium £55.00
- T **'Honey Liz'** - a hybrid between M. Miss Honeybee and M. Elizabeth Large upright almost painted yellow flowers MAY-JUN Medium £55.00
- T **'Koban Dori'** - soft canary-yellow blooms which open as the leaf appears in spring. Its neat pyramidal habit and restricted overall size makes it very suitable for suburban gardens APR-MAY Specimen £75.00
- T **'Miss Honeybee'** - light yellow fragrant flowers open just before or alongside the leaves APR-MAY Large £65.00
- T **'Advance'** - A hybrid bred by Vance Hooper in New Zealand. Clear lilac-purple goblet-shaped blooms on this hybrid between M. soulangeana 'Burgundy' and M. 'Vulcan' APR-MAY Large £55.00 Specimen £75.00
- T **'Albatross'** - bred by Peter Borlase of Lanhydrock this excellent and vigorous hybrid has large white flowers which are very distinctive especially in bud MAR-APR Medium £55.00
- T **amoena** - tiny delicate white to light pink flowers MAR-APR Large £45.00
- T **'Apollo'** - rich violet-purple flowers at first turning purple-rosy-violet later. Highly scented MAR-APR Large £55.00 Specimen £75.00
- T ♣ **'Athene'** - Jury hybrid with white flowers shading to pink at the base MAR-APR Large £55.00 Specimen £70.00
- T **'Atlas'** - Jury hybrid with soft pink petals which are white inside. A sister seedling to lolanthe MAR-APR Large £55.00 Specimen £70.00
- T **'Aurora'** - a New Zealand hybrid with clear pink cup and saucer shaped flowers MAY-JUN Specimen £70.00
- TS **'Betty'** - petals purplish-red, white inside, suitable for smaller gardens APR-MAY £25.00
- T **'Big Dude'** - huge flowers which are reddish-purple outside and white inside fading rose-pink and white MAR-APR Large £75.00
- TS **'Black Tulip'** - the darkest purple-red flowered magnolia before the arrival of M. 'Genie' APR-MAY Medium £50.00 Large £65.00
- T **x brooklynensis 'Black Beauty'** - even darker black flower buds than 'Woodsman' MAY-JUN Large £65.00
- T **'Hattie Carthan'** - bright yellow flowers with magenta mid veins and a tinge of green APR-MAY Large £65.00
- T **'Woodsman'** - flowers are an unusual combination of yellow, green and purple MAY-JUN Large £55.00 Specimen £75.00

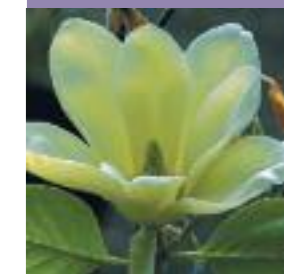

- T **'Yellow Bird'** - introduced at the Brooklyn Botanic Gardens in 1967 as a hybrid between M. acuminata and M. x brooklynensis. Flowers are yellow with a slight greenish tinge APR-MAY Medium £55.00 Specimen £75.00
- T **'Butterflies'** - a hybrid between M. acuminata and M. denudata with rich yellow flowers and red stamens APR-MAY Small £25.00 Large £55.00
- T ♣ **'Caerhays Belle'** - a hybrid raised at Caerhays Castle with huge saucer-shaped salmon-pink flowers Seedling £12.50 Large £60.00
- T ♣ **'Caerhays Surprise'** - a hybrid between M. mollicomata and M. liliiflora 'Nigra' which flowers at a young age and is suitable for smaller gardens. The flowers open a dark purplish-red and fade to mauvish-purple MAR-APR Small £35.00 Medium £55.00 Specimen £70.00
- T **campbellii 'Alba'** - pure white form of campbellii MAR-APR Large £70.00
- T **'Betty Jessel'** - one of the very best but still too little known hybrids with large deep crimson flowers opening late in the season MAR-APR Medium £55.00
- T **'Charles Raffill'** - large rosy-pink buds, rose purple on the outside and white on the inside when open Specimen £75.00
- T ♣ **'Darjeeling'** - dark rose coloured flowers MAR-APR Medium £55.00
- T **'Kew's Surprise'** - large and distinct translucent pink flowers which are paler inside. The original plant grows at Caerhays Castle and was awarded an FCC in 1967 FEB-MAR Medium £55.00
- T **subsp. mollicomata 'Lanarth'** - large cyclamen-purple flowers of this subspecies of M. mollicomata raised at Lanarth Medium £60.00
- T **'Princess Margaret'** - large flowers red-purple on the outside and cream inside. MAR-APR Large £55.00 Specimen £75.00
- T **'Sibury'** - very early flowering campbellii originating from Sibury Manor in Devon in 1946 FEB-MAR Medium £55.00
- T **'Carlos'** - good yellow flowers but sometimes appearing with the leaves. A cross between M. acuminata var subcordata x M. denudata APR-MAY Large £45.00
- T **'Cleopatra'** - similar in colour to M. Lanarth this new New Zealand hybrid is a rich reddish purple with a metallic sheen MAR-APR Large £55.00 Specimen £75.00
- T **'Copeland Court'** - a compact, erect and symmetrical growing plant with dense branching and crimson pink flowers FEB-MAR Specimen £70.00
- TS **cylindrica - Huangshan magnolia** - pure white flowers and cylindrical fruits Small £20.00 Large £55.00
- TS ♣ **'Daphne'** - in our opinion this is easily the best and darkest yellow yet to appear on the market. The flowers do come out with the leaves most years but this is genuinely a plant for the smaller garden. A triumph for Philippe de Spoelbergh's magnolia breeding in Belgium. APR-MAY Medium £55.00 Large £75.00
- T ♣ **'David Clulow'** - Gresham hybrid with large white cup-shaped flowers which have a slight pink flush at the base MAR-APR Specimen £65.00
- T **dawsoniana** - smaller upright pale pink flowers than in some of the other Chinese species. Flowers later than M. campbellii and M. sargentiana robusta types MAR-APR Large £55.00
- T **'Chyverton Red'** - Reddish to crimson flowers on this dawsoniana hybrid bred at Chyverton in Cornwall MAR-APR Large £55.00

- T ♣ **'Daybreak'** - unusual fragrant light rose-pink flowers. M. x brooklynensis 'Woodsman' was the seed parent in a cross with M. 'Tina Durio'. Highly recommended APR-MAY Medium £55.00 Large £65.00
- T/E **delavayi** - striking grey leaves and large scented creamy yellow flowers. Very scarce and difficult to propagate £25.00 Large £45.00
- T ♣ **denudata - Lily tree, Yulan** - scented pure white cup-shaped flowers Specimen £65.00
- T **'Double Diamond'** - white flowers with many more tepals which give it a double-flowered effect Medium £55.00
- T **'Forrests Pink'** - soft rose-pink blooms with no trace of purple Specimen £75.00
- T **'Fragrant Cloud'** - (cv 'Dan Xin') - reddish fragrant flowers fading to cream and white £37.50
- T **'Gere'** - flowers two or three weeks later than the typical species with simple ivory white flowers Specimen £70.00
- T **'Yellow River'** - (cv 'Fei Huang') - a rare form imported direct from China which has yellowish buds fading to creamy-white as the flowers open MAR-APR Large £55.00
- T ♣ **'Elizabeth'** - cup-shaped clear primrose-yellow flowers before and with the new leaves APR-MAY Small £37.50 Specimen £70.00
- T **'Felix Jury'** - exceptionally large flowers on young plants. Deep rose-pink to wine in colour. One of the 'must have' varieties for any collector MAR-APR Large £55.00 Specimen £75.00
- T **'F. J. Williams'** - a sensational new hybrid raised at Caerhays. Early flowering with a striking deep reddish purple flower MAR-APR Medium £60.00
- T ♣ **'Galaxy'** - rosy purple flowers early in the season Small £25.00 Specimen £70.00
- TS **'Genie'** - this is the best new magnolia introduction from the point of view of colour to be seen in the UK for many years. Bred by Vance Hooper in New Zealand this soulangeana hybrid flowers very young and appears not to grow too big. The flowers are even darker than M. 'Black Tulip' in bud and open an exquisite dark burgundy-red which they retain until they drop. Reserve one quickly as this will sell out very rapidly once you see it for yourself Medium £55.00 Large £70.00
- MS ♣ **'George Henry Kern'** - cross between stellata and liliiflora with rich rose-red petals MAR-APR £17.50 Specimen £50.00
- TS **globosa** - a species with rust-felted new growth and globular creamy-white flowers. Very fragrant MAY-JUN Large £30.00
- T **'Gold Crown'** - deep gold coloured cup-shaped flowers. Another good new yellow hybrid. APR-MAY Specimen £70.00
- TS ♣ **'Gold Star'** - a vigorous stellata hybrid which has attractive soft yellow buds and stellata-shaped flowers which fade to creamy-white. Very hardy APR-MAY Medium £55.00 Specimen £70.00
- T **'Golden Endeavour'** - medium sized cup-shaped flowers with a green flush at the base APR-MAY £55.00
- T **'Golden Joy'** - later flowering hybrid with upright rich golden-yellow flowers as the leaves emerge. A darker yellow than many of the earlier yellow hybrids APR-MAY Large £55.00
- T **'Golden Sun'** - large dark yellow flowers APR-MAY Large £55.00
- TS/E **grandiflora 'D.D. Blanchard'** - upright habit, dark green leaves with rich coppery indumentum on the undersides Small £16.50
- T **'Edith Bogue'** - the hardiest of the grandiflora varieties AUG-OCT Small £15.50

- TS/E **'Exmouth'** - large fragrant creamy yellow flowers last summer and autumn Small £18.50 Large £35.00
- TS/E **'Ferruginea'** - rich rusty red indumentum on the underside of the leaves and an upright habit AUG-OCT Small £16.50 Large £35.00
- TS/E **'Gallissonniere'** - leaves reddish brown underneath, very hardy. Very large creamy white flowers Small £16.50 Large £75.00 Specimens £175.00
- TS/E **'Goliath'** - globular flowers in late summer and autumn with broader and shorter leaves than 'Exmouth' Small £16.50
- TS/E **'Little Gem'** - narrow columnar habit and small white flowers. Leaves heavily felted rust. AUG-OCT Small £15.50
- T **'Green Bee'** - one of Philippe de Spoelbergh's wonderful new introductions. Coloured as its name implies APR-MAY Large £55.00
- T ♣ **'Heaven Scent'** - Gresham hybrid with goblet-shaped flowers pink outside and white inside. Strongly lavender scented Small £17.50 Large £55.00
- T **'Honey Tulip'** - a golden-honey version of M. 'Black Tulip' which flowers before the leaves appear. A brand new New Zealand hybrid which will be very popular Medium £65.00
- T **'Hot Flash'** - narrow deep yellow flowers each with a pink flush at the base. Grows to only about 8 meters Large £55.00 Specimen £75.00
- T **'Ian's Red'** - rich claret coloured blooms. This will become a very popular variety especially as it grows to only about 5 meters MAR-APR Specimen £75.00
- T **'Iolanthe'** - Jury hybrid with large cup-shaped rose-pink flowers which are white inside APR Specimen £75.00
- T **'J.C. Williams'** - a Caerhays hybrid between sprengeri diva and sargentiana robusta with a most striking and unusual deep red colour which appears on opening almost black from a distance. Flowers at a very young age and is an absolute must for any enthusiast MAR-APR Specimen £75.00
- T **'Joe McDaniel'** - M. soulangeana Rustica Rubra crossed with M. veitchii with deep purple flowers MAR-APR Medium £55.00
- T **'Joli Pompom'** - a hybrid between M. David Clulow and M. sprengeri elongata. Interesting white flowers with rose stamens MAR-APR Large £55.00
- T **'Judy Zuk'** - a startling new introduction with medium yellow flowers shading to pinkish-orange at the base and a strong fragrance MAY-JUN Large £60.00
- T **kobus - Northern Japanese magnolia** - small flowered, pure white Small £14.50 Large £35.00
- TS **'Pink Kobus'** - light pink flowers rather than white MAR-APR Large £60.00
- TS ♣ **liliiflora 'Nigra'** - flowers purplish-red MAY-JUN Small £14.50 Specimen £40.00
- TS **x loebneri 'Ballerina'** - fragrant flowers with many tepals (petals) which are pink at the base MAR-APR Large £55.00
- TS **'Donna'** - pure white flowers and pale pink buds APR-MAY Large £55.00
- TS ♣ **'Leonard Messel'** - soft pink star-like flowers MAR-APR Small £14.50 Large £35.00 Specimen £60.00
- TS ♣ **'Mag's Pirouette'** - a seedling from Ballerina with lovely small flowers. The outer tepals are shorter than the inner ones MAR-APR Small £25.00 Large £55.00
- TS ♣ **'Merrill'** - large white fragrant flowers MAR-APR Small £14.50 Large £35.00 Specimen £60.00

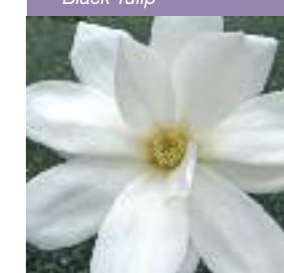

Magnolia 'Heaven Scent'

Magnolia 'Golden Sun'

Magnolia 'Black Tulip'

Magnolia x loebneri 'Donna'

Magnolia 'Shirazz'

Magnolia 'Red As'

Magnolia 'Margaret Helen'

Magnolia x soulangeana 'Rustica Rubra'

Magnolia 'Sunsation'

Magnolia 'Sweet Valentine'

Magnolia 'Sunburst'

Magnolia x soulangeana 'Old Port'

How To Care For Magnolias

Magnolia 'Peppermint Stick'

Magnolia 'Purple Sensation'

Magnolia x soulangeana 'Alexandrina'

Magnolia sieboldii

- TS **'Powder Puff'** - an exceptional variety with tepals (petals) arranged like a powder puff APR-MAY Large **£55.00**
- TS **'Wildcat'** - a stellata shape but with up to 52 tepals giving a 'Chrysanthemum' effect. Soft pink buds open to white. Grows to 5-8m APR-MAY Medium **£55.00**
- TS **'Lois'** - Clear primrose flowers without a tendency to fade. Just as good in Burncoose Gardens as M. Daphne APR-MAY Large **£55.00**
- T **macrophylla - Great-leaved magnolia, Umbrella tree.** the largest leafed magnolia of all with greyish leaves, glaucous underneath and fragrant white flowers JUL-AUG **£30.00**
- T **'Manchu Fan'** - creamy-white flowers with a small pink smudge at the base MAR-APR Specimen **£70.00**
- T **'March-till-Frost'** - as its name implies this magnolia continues to produce irregular flowers right through the season. The first flowers are usually pale pink but the later ones are usually darker MAR onwards Medium **£55.00**
- T **'Margaret Helen'** - rose-red campbellii-type bowl-shaped blooms which appear freely at a young age. An exceptionally clear colour MAR-APR Large **£65.00**
- T **'Maxine Merrill'** - an acuminata x loebneri hybrid with bright yellow flowers usually before the leaf emerges. Flowers at a very young age Large **£65.00**
- T **nitida** - seed grown plants of this very rare and unique species with glossy green leaves and bronze new growth. The flowers are yellow and exceptionally scented. Only suitable outdoors in the mildest climates APR-MAY **£20.00**
- T **obovata** - (*hypoleuca*) - large obovate leaves and fragrant creamy-white flowers in May and June **£17.50** Large **£55.00**
- T **officialis** - fragrant white saucer-shaped flowers at the end of leafy new growths in early summer MAY-JUN Small **£25.00**
- T **var. biloba** - a rare form with huge leaves which are glaucous below. Strongly scented flowers are white flushed pink and green on the outside with a maroon centre. The buds start as a 'lightbulb' shape and open into a cup-shape APR-MAY Large **£60.00**
- TS **'Old Port'** - our vote as the best new magnolia to flower in 2011. Wine-purple petals on the outside, white inside. Grows to about 12 feet in New Zealand MAR-APR Medium **£55.00** Specimen **£70.00**
- T **'Paul Cook'** - Lavender pink flowers outside and white inside. The colour seems a lighter form of the M. sprengeri Diva pink which is one of its parents MAR-APR Specimen **£70.00**
- T **'Peaches n' Cream'** - a cross between M. Yellow Bird and M. Star Wars. Cream coloured flowers with a bright purple base APR-MAY Large **£65.00**
- T **'Peachy'** - an unusual but striking hybrid between M. acuminata and M. sprengeri diva. Tepals are orange-red outside and creamy-white inside APR-MAY Medium **£55.00**
- TS **'Pegasus'** - A hybrid between M. cylindrica and M. denudata first found growing at Trenwainton Gardens in Cornwall. White flowers with reflexed margins flushed with purple at the base. MAR-APR Large **£55.00**
- T **'Peppermint Stick'** - creamy-white petals flushed dark purple-pink at the base. A M. lilliflora x M. x veitchii hybrid APR-MAY Small **£27.50** Large **£65.00**
- T **'Petit Chicon'** - small light yellow flowers well before the leaves. Very floriferous. Grows as a broad shrub MAR-APR Large **£55.00**
- T **'Philip Tregunna'** - a hybrid raised at Caerhays by the head gardener whose name it takes. Enormous pink tulip-shaped flowers early in the season FEB-MAR Medium **£65.00**
- MS **'Pickard's Ruby'** - wine-red goblet-shaped flowers and upright habit MAR-APR Medium **£55.00**

- MS **'Pickard's Garnet'** - very dark wine-red fragrant flowers which are bowl-shaped MAR-APR Medium **£55.00**
- T **'Pickard's Schmetterling'** - large slender, upright flowers which are creamy white but flushed reddish-purple at the base. Holds its flowers over a long period MAR-APR Medium **£55.00**
- T/ZE **'Porcelain Dove'** - a hybrid between M. globosa and M. virginiana with attractive fragrant porcelain white flowers MAY-JUN Large **£60.00**
- T **x proctoriana** - large floriferous magnolia with white flowers in April Small **£25.00** Large **£55.00**
- T **pseudokobus 'Kubishimodoki'** - a stunning new magnolia with pure white seven-inch long flowers which open perfectly flat but then turn sideways or downwards. Flowers are suffused pink at the base. Very slow growing Medium **£65.00**
- T **'Purple Platter'** - a New Zealand hybrid with rich pink outer petals, white inside MAR-APR Large **£60.00**
- T **'Purple Sensation'** - a new introduction with large cup-shaped blooms of glowing orchid purple. Mature height is only 8 meters. Similar in colour to M. Lanarth but bred by New Zealand breeder Ian Baldick MAR-APR Specimen **£70.00**
- TS **'Randy'** - flowers are red-purple on the outside and white in the inside APR-MAY Large **£45.00**
- TS **'Red As'** - another impressive new hybrid bred by Ian Baldick in New Zealand. This has a globular upright reddish-purple flower which is another 'must have' for any serious collector MAR-APR Medium **£55.00** Specimen **£70.00**
- T **'Red Lion'** - a sister of M. Star Wars but slightly smaller and paler in colour. A plant which is however growing in popularity for those who have seen it MAR-APR Large **£60.00**
- T **rostrata** - a rare species requiring shelter. New growth has golden velvety hairs. Creamy white flowers and huge veined leaves JUN-JUL Small **£30.00** Large **£55.00**
- T **'Rouged Alabaster'** - white flowers tinged rose pink flowers to purple at the base APR-MAY Large **£60.00**
- T **'Royal Crown'** - long slender elongated reddish violet blooms which are creamy-white within APR-MAY Specimen **£70.00**
- T **'salicifolia'** - leaves and bark are lemon-scented. Smallest white flowers in April Small **£22.50**
- T **sargentiana var robusta** - pale pink, immense flowers Seedling **£17.50**
- T **'Serene'** - a strangely underrated Jury hybrid with large bowl-shaped bright purplish pink flowers. One of the last tree magnolias to flower each spring MAY Specimen **£70.00**
- T **'Shirazz'** - a new introduction with spectacular large rich burgundy-red tulip shaped blooms which open out flat MAR-APR Medium **£55.00**
- TS **'sieboldii'** - fragrant white flowers with purple centres Small **£20.00** Large **£35.00**
- TS **sinensis** - pure white JUL-AUG Small **£20.00** Large **£55.00**
- T **'Sir Harold Hillier'** - a beautiful hybrid with huge pure white flowers. The original tree grows at Chyverton Gardens in Cornwall MAR-APR Large **£55.00** Specimen **£70.00**
- T **'Snow Queen'** - a Pickard's hybrid with large pure white flowers APR-MAY Specimen **£70.00**
- T **'Solar Flair'** - upright deep yellow flowers tinged light rose at the base MAY Specimen **£70.00**
- TS **'x soulangeana - Tulip magnolia'** - pale to deep pink goblet-shaped flowers APR-MAY **£14.00** Specimen **£37.50**
- 'Alba Superba'** - pure white form Large **£50.00**
- 'Alexandrina'** - white flowers with a purple flush at the base. Upright growing and free flowering MAY Small **£17.50** Large **£35.00**
- 'Brozzonii'** - large elongated white flowers shaded purple at the base Large **£35.00**

- 'Burgundy'** - deep crimson which fades to almost lavender-crimson APR-JUN Large **£35.00**
- 'Lennei'** - pink stained crimson **£14.50** Large **£27.50**
- TS **'Rustica Rubra'** - rich rosy-red cup-shaped flowers Small **£14.00** Large **£37.50**
- T **'Satisfaction'** - exceptionally large fragrant red-pink flowers in April and May. Petals are red-pink outside and white inside Large **£37.50**
- T **'Sundew'** - large creamy white flowers flushed slightly pink at the base APR-MAY Small **£25.00** Large **£55.00**
- T **'Spectrum'** - exceptional dark rosy purple blooms on this hybrid between sprengeri diva and lilliflora nigra APR-MAY Specimen **£70.00**
- sprengeri 'Diva'** - grafts from the original plant at Caerhays which is now dead. Flowers are rosy-pink outside and pale pink inside, and have a distinct erect habit. 'Diva' is Italian for 'goddess' MAR-APR Large **£55.00**
- T **'Burncoose'** - a deep glowing rose-purple form raised at Burncoose by the late head gardener, Mr Arnold Dance MAR-APR Seedling **£17.50** Large **£55.00**
- T **'Eric Savill'** - rich pink cup shaped flowers on a small tree. The inside of the flowers are almost white. This was a seedling of M. sprengeri Diva at the Savill Gardens. MAR-APR Large **£60.00** Specimen **£75.00**
- T **'Star Wars'** - free-flowering form with star-shaped bright pink flowers. One of the most popular of the new crop of New Zealand hybrids which grows quickly and flowers at a young age Small **£30.00** Large **£55.00** Specimen **£70.00**
- T **'Stellar Acclaim'** - flowers are greenish in bud opening a deepish yellow but still with some green. When we first saw this new variety in flower it was not impressive but, now that the plant is 8-10 feet tall and full of flower it is certainly quite a show if only because it flowers so late in the season MAY-JUN Large **£60.00**
- MS **stellata - Star magnolia** - white star-shaped flowers. All flower FEB-APR Small **£15.00** Large **£37.50** Specimen **£55.00**
- T **'Jane Platt'** - profuse deep pink flowers fading after opening Large **£55.00**
- 'Keiskei'** - dense shrubby form with small purplish flowers Large **£60.00**
- 'Rose King'** - pale pink buds unfurling to white Small **£16.50** Specimen **£40.00**
- 'Royal Star'** - improved pure white Small **£16.50** Specimen **£40.00**
- 'Water Lily'** - large flowers with more numerous petals than other varieties Small **£16.50** Specimen **£55.00**
- T **'Summer Solstice'** - a hybrid between M. globosa and M. obovata which is sensational at Caerhays in late May and on into June. Scented pink globular flowers which open to show a creamy-white inside MAY-JUN Medium **£65.00**
- T **'Sunburst'** - an American bred hybrid with upright dark yellow flowers. APR-MAY Specimen **£70.00**
- T **'Sundance'** - barium yellow flowers before the leaves emerge in mid to late spring APR-MAY Large **£50.00** Specimen **£70.00**
- MS **'Sunrise'** - the flowers are pure white with a triangular flash of pink at the base of the petal which runs in a line right to the top. An attractive new magnolia with a rather different flower APR-MAY Large **£55.00**
- T **'Sunsation'** - golden-yellow flowers in early summer APR-MAY Specimen **£70.00**
- MS **'Susan'** - red-purple in bud opening paler Small **£17.50** Large **£45.00**
- MS **'Susanna van Veen'** - flowers are similar to 'Caerhays Belle' in shape but with a darker rose-pink hue APR-MAY Specimen **£70.00**

- T **'Sweetheart'** - fragrant mid-pink flowers which have a narrow upright habit MAR-APR Specimen **£70.00**
- T **'Sweet Merlot'** - claret-red flowers which are globe-shaped with paler insides **£70.00**
- T **'Sweet Valentine'** - rose-purple tulip-shaped flowers. An impressive new New Zealand hybrid MAR-APR Specimen **£70.00**
- T **x thompsoniana** - (*tripetala x virginiana*) - large fragrant parchment coloured flowers throughout the summer even in young plants MAY-JUN Large **£55.00**
- T **'Tina Durio'** - a Gresham hybrid with flowers similar to M. campbellii. White flowers with a pink tinge at the base MAR-APR Medium **£60.00**
- T **'Todd's Forty Niner'** - dark purple in bud opening lighter on the outside of the tepals and a translucent white inside APR-MAY Medium **£60.00**
- T **'Tranquility'** - a largish flowering form with pale gold-rose blush flowers which open out flat MAR-APR Specimen **£70.00**
- T **tripetala - Umbrella magnolia** - hardy tree with large leaves and pungent creamy flowers MAY-JUN Small **£17.50** Large **£45.00**
- T **x veitchii** - the largest growing of all the magnolias at Caerhays Castle. White flowers in profusion which are flushed purple-pink APR-MAY Medium **£55.00** Large **£75.00**
- T/ZE **virginiana - Swamp laurel, Sweetbay** - fragrant creamy-white flowers and distinctive leaves which are blue-white underneath JUN-SEP Small **£22.50** Large **£45.00**
- T **'Vulcan'** - a popular magnolia hybrid with unusual shaped flowers, the petals of which curl in on themselves as they open and are almost frilly. Light pink flowers from an early age MAR-MAY Medium **£55.00** Specimen **£70.00**
- TS **'Wada's Memory'** - fragrant white flowers which are larger than those of M. kobus and borne in abundance Small **£17.50** Large **£35.00**
- T **x wieseneri** - (*watsoni*) - saucer-shaped flowers which are white with crimson stamens. Differs from sinensis in its smaller, narrower leaves and smaller flowers as well as its rarity. Prefers partial shade JUN-JUL Small **£25.00** Large **£55.00** Specimen **£80.00**
- T **'Aashild Kalleberg'** - bred in Gothenburg Botanic Gardens, this form is exceptionally hardy with pure white cup-shaped flowers. Limited availability JUN-JUL Medium **£55.00**
- TS **'wilsonii'** - pure white pendulous saucer-shaped flowers Small **£17.50** Large **£55.00** Specimen **£75.00**
- 'Yaeko'** - 'Ann Rosse' x lilliflora. Large red-purple flowers with 9-12 tepals. These open flat, later reflexing Large **£55.00**
- T **'Yellow Fever'** - a hybrid between M. acuminata and M. denudata. Flowers are yellow in bud fading to cream and highly scented APR-MAY Specimen **£70.00**
- T **'Yellow Lantern'** - (*M. acuminata subcordata x M. soulangeana 'Alexandrina'*) - fastigate small tree with precocious tall tulip-shaped pale lemon flowers and abundant seedheads APR-MAY Specimen **£70.00**
- yuchelia** - although deciduous this is one of the first crosses between a michelia and a magnolia. It has the scent of a michelia with long drooping flowers which are pink outside tinged and striped with green and white inside. Limited availability Large **£60.00**
- T **zenii** - conical habit and fragrant small white flowers streaked rose-purple later towards the base Large **£55.00**

"This is to say that I was much impressed by the quality of my last plant purchase. The packing and delivery service was also first class. I am look forward to my next order being sent. Thank you very much". Malcolm Hill

Magnolia 'Sweet Merlot'

Magnolia 'Yellow Fever'

Magnolia 'Vulcan'

Magnolia 'Solar Flair'

PLANT TYPE | NAME | VARIETY

MAHONIA - Mountain grape, Oregon grape

- All £14.50 Each Any 3 for £35.00 Except where priced
- MS/E **aquifolium - Holly-leaved barberry** - a valuable suckering plant for underplanting in dense shade FEB-MAR
- MS/E **'Apollo'** - a spreading bush with dense clusters of bright yellow flowers
- MS/E **eurybracteata 'Soft Caress'** - plant of the year at Chelsea 2013. A compact habit and the first mahonia to have entirely spine free leaves. Bright yellow flowers £22.50
- TS/E **fortunei** - slender, erect species with distinctive matt green leaflets. Bright yellow flowers SEP-NOV Large £19.00
- MS/E **japonica** - yellow flowers, sweet scented like Lily of the Valley, good autumn colour DEC-MAR
- MS/E **'Bealei'** - bluish green leaves spotted yellow and white at the base. Very fragrant light yellow flowers NOV-MAR
- MS/E **x media 'Buckland'** - long, spreading racemes of yellow flowers DEC-MAR
- TS/E **'Charity'** - large pinnate foliage and yellow flowers NOV onwards
- TS/E **'Lionel Fortescue'** - fine cut foliage and erect flowers JAN-FEB
- MS/E **'Winter Sun'** - upright yellow flares NOV-MAR
- DS/E **nervosa - Long-leaved mahonia, Water holly** - suckering species. Leaves often turn red in winter when grown in full sun. Not suitable on chalk MAY-JUN £22.50
- MS/E **nitens 'Cabaret'** - Holly leaved barberry, Oregon grape a brand new introduction with holly-like foliage and a very compact habit. Flower are orange-red in bud on tall spikes, opening yellow £18.50

MAIDENHAIR CLIMBER - see MUEHLENBECKIA

MAIDENHAIR TREE - see GINKGO

Mahonia x media 'Buckland'

Mahonia x media 'Charity'

Malus 'Royalty'

Malus 'Golden Hornet' (Blossom)

Malva moschata 'Alba'

Meconopsis betonicifolia

Malus 'Golden Hornet' Malus 'Red Sentinel'

MALUS

All Flower April to May All H/Std £45.00

- FT **MALUS - Apple, Crab apple** All Flower APR-MAY
- 'Golden Hornet'** - a profusion of bright yellow crab apples which remain on the tree long after the leaves have dropped
- 'John Downie'** - the best fruiting crab apple with white flowers and bright orange fruit
- 'Profusion'** - dark reddish flowers and bronzy purple leaves. Dark purple fruit
- 'Red Sentinel'** - an excellent fruiting tree with white flowers and large clusters of deep red fruits
- 'Royalty'** - glossy dark purple leaves turning red in autumn. Crimson-purple flowers, dark red fruits

MALVA - Mallow JUN-AUG £8.00 Each 3 for £20.00

- H **moschata - Musk mallow** - cut leaves, pale pink flowers
- H **'Alba'** - cut leaves, fragrant pure white flowers

MANDEVILLA

- GR/CE **splendens** - (*Dipladenia splendens*) - funnel-shaped pink flowers with a white and yellow throat. An essential plant for the conservatory JUN-AUG £14.00

MANGLIETIA - (now reclassified under MAGNOLIA)

- T **decidua** - very hardy, fast growing magnolietia with pure white flowers Large £55.00
- TE **fordiana** - narrow leathery leaves with flowers which are greenish on the outside and white inside Large £55.00
- TE **insignis** - small tree with erect solitary creamy-white flowers tinged pink that resemble a magnolia MAY Large £55.00
- TE **yuyuanensis** - large obovate leathery leaves and greenish-white flowers. MAY Large £55.00

MANUKA - see LEPTOSPERMUM

MATHIASSELLA

- bupleuroides 'Green Dream'** - a Mexican plant with a jade-green bracted flowering spike which can be cut and dried to good effect. The bracts turn an attractive pink after flowering APR-JUN £10.00 3 for £25.00

MAYTENUS

- boaria - Maiten** - fine toothed shiny leaves similar to Phyllirea latifolia. Tiny green flowers on this unusual and rare plant MAR-APR £16.00

MECONOPSIS - Himalayan blue poppy

- All Flower APR - JUN £9.50 Each 3 for £22.00
- betonicifolia** - (*Syn. baileyi*) - blue Himalayan poppy
- 'Lingholm' - Blue poppy** - (formerly and often incorrectly called *M. sheldonii*) - tall growing variety with varying shades of blue flowers which produce fertile seed

MELALEUCA - Paper bark

- All Flower JUN-JUL All £14.00
- ?GR/MS/E **armillaris - Bracelet honey myrtle** - narrow linear leaves and white flowers in cylindrical inflorescences JUN-JUL
- ?GR/MS/E **diosmifolia - Green-flowered myrtle** - a striking shrub in flower with green bottlebrush spikes in spring and summer. Full sun or shade JUN-JUL

MELIA - Persian lilac, White cedar

- azedarach - Bead-tree** - a rare but attractive tree more common in the Mediterranean, with fragrant lilac flowers. Bead-like fruits remain long after the leaves have fallen £25.00

MELIANTHUS - Honey bush

- major** - handsome architectural evergreen for the herbaceous border in milder climates. Bluish green pinnate leaves and crimson tubular flowers MAR-APR £15.00 3 for £36.00

MELIOSMA

- TS **cuneifolia** - (*M. splendens*) - very rare large shrub or small tree with attractive foliage and small yellowish-white flowers Specimen £45.00
- TS **dilleniifolia subsp. tenuis** - a rare shrub with dark brown stems and coarse ovate toothed leaves. Tiny creamy-white flowers in terminal trusses MAY-JUN £45.00
- flexuosa** - large shrub with racemes of white, fragrant flowers in July £55.00
- TS/E **pungens** - a rare shrub with leathery toothed leaves. Dense habit £18.00
- T **veitchiorum** - a very rare but startling small tree. Huge pinnate red stalked leaves and huge panicles of creamy-white flowers followed by pinkish-violet fruits APR-MAY £35.00

MESPILUS - Medlar

- germanica** - large white flowers and edible brown fruits MAY - JUN Small £13.50 H/Std £42.50 Z

METASEQUOIA - Dawn redwood, Water fir

- CON **glyptostroboides - Shui-hsa** - conical tree with ascending branches and fibrous orange bark which prefers a boggy or wet area. Soft light green leaves especially in spring Small £13.50 Large £30.00
- 'Gold Rush'** - A new introduction with the most brilliant yellow foliage. A 'must' for any arboretum Small £27.50 Large £45.00

METROSIDEROS - Iron tree, Pohutukawa, Rata

- These plants produce exquisite bottle-brush like flowers but they are frost tender and suitable for outdoor growing only in the Scilly Isles or West Cornwall. They do however make excellent conservatory plants but be prepared for aerial roots All £15.00 Each Any 3 for £36.00
- GR/MS/E **excelsa 'Parnell' - New Zealand Christmas tree** - bright orange-red flowers and large green leaves
- GR/TS/E **kermadecensis 'Tahiti'** - Dwarf habit, rounded leaves and clusters of orange red flowers
- GR/TS/E **'Twisty'** - distinctive leaves which are brightly variegated cream-yellow in the centre and bright deep green outside. Young stems are a bright red and the leaves have a twist which shows off the variegation
- 'Variegata'** - compact growing plant with attractive white variegated foliage and scarlet flowers JUN-JUL
- GR/TS/E **robusta - Northern rata** - the hardiest of all the metrosideros which grew at Caerhays for many years. Coppery-scarlet flowers. Much more tender when young as those who have pinched seedlings from Tresco discover to their cost JUL-AUG
- TS/E **umbellata - Southern rata** - one of the hardiest species which will thrive outside in Cornwall. Coppery young leaves and bright crimson flowers JUL-AUG

PLANT TYPE | NAME | VARIETY

MEXICAN ORANGE BLOSSOM - see CHOISYA

MICHELIA - (now reclassified under MAGNOLIA)

- These new Michelia varieties have been imported from China or grown from seed on the nursery. It is still too early to be able to assess the hardiness of individual species but the early signs are encouraging especially after the 2010/2011 winter where they all survived.
- TE **chapensis** - attractive pale yellow flowers which are highly scented. A small tree with a broad crown and dense twigs and leaves Large £35.00
- TS/E **compressa** - pale yellow to whitish flowers £30.00
- TE **doltsopa** - one of the most stunning and scented trees at Caerhays Castle gardens. MAR-MAY £22.50
- TS/E **'Silver Cloud'** - vigorous habit with heavily felted brown undersides to the leaves and plentiful creamy-white scented flowers APR-MAY Budded Specimen £60.00
- MS/E/GR? **figo - Banana shrub, Port wine magnolia** - small dark glossy green leaves and brownish-purple flowers which smell of pear drops MAY-JUN Small £16.50
- TS/E **x foggii 'Jack Fogg'** - a hybrid between M. doltsopa and M. figo. Strong spicy white flowers tinged purplish pink at the edge MAY-JUN Large £55.00
- TE **martinii** - leathery leaves and fragrant brownish-yellow flowers FEB-MAR Large £60.00
- TE **maudiae** - flowers are used in traditional Chinese medicine. Pure white 9 petalled flowers followed by pendulous follicles of red seeds APR-MAY Medium £55.00
- TE **'Touch of Pink'** - this first flowered at Caerhays in 2006 and was quite stunning as well as being strongly scented. The pink fades to a dark bluish-purple at the base of the flowers APR - MAY Large £60.00
- TE **platypetala** - oblong leaves and solitary white flowers APR Large £55.00
- TS/E **yunnanensis** - strongly fragrant white flowers from velvety buds Small £16.50

MICROBIOTA - Russian cypress

- CON **decussata** - dense prostrate coniferous shrub which is extremely hardy and comes from Siberia. Foliage turns bronze in winter £14.50

MILIUM - Millet

- OG/E **effusum 'Aureum' - Bowles's golden grass, Golden wood millet** - an ideal ornamental grass for a dark corner. Everything about this plant is bright yellow MAY - JUL £8.00 Each 3 for £20.00

MISCANTHUS All £12.50 Each Any 3 for £30.00

- sacchariflorus - Amur silver grass, Silver banner grass** an attractive ornamental grass with large plumes
- 'sinensis 'Cosmopolitan' - Chinese silver grass** - green leaves edged white with coppery red flowers
- 'Gracillimus' - Maiden grass** - narrow leaves with silvery white veins turn bronze in autumn
- 'Morning Light'** - silver variegated leaves
- 'Zebrinus' - Tiger grass, Zebra grass** - attractive creamy-white or pale yellow horizontal bands on the leaves AUG - SEP

MITCHELLA - Partridge berry

- GC/E Trailing, evergreen perennial with small, funnel-shaped, fragrant, white flowers followed by ornamental red berries.
- repens - Checkerberry** - suitable for a cool position on a rockery this plant has tiny pairs of dark green leaves and white or pink flowers JUN-JUL £14.50

MITRARIA - Chilean mitre flower

- DS/E **coccinea** - crisp green foliage, orange-red tubular flowers. Can be used as a trailing or a climbing plant MAY onwards £12.50
- 'Lake Puyehue'** - free-flowering form with rich scarlet flowers. Very hardy MAY onwards £15.00

MONARDA - Bee balm, Bergamot

- All Flower JUL-AUG All £9.00 Each 3 for £22.00
- 'Cambridge Scarlet'** - scarlet bergamot JUL - AUG
- 'Croftway Pink'** - striking bright pink JUL - AUG
- 'Fireball'** - compact growing with deep reddish-purple flowers. Some resistance to mildew
- 'Petite Delight'** - low growing pink form which is more mildew resistant JUL - AUG

MONKEY PUZZLE - see ARAUCARIA

MONTBRETIA - see CROCOSMIA

MORUS - Mulberry

- alba - Silkworm mulberry, White mulberry** - sweet, whitish fruits changing to reddish pink £19.00 Z
- nigra - Black mulberry, Common mulberry** - rounded tree with fruits which turn red and then dark purple in late summer when ripe £20.00 Z

MUEHLENBECKIA - Australian ivy, Wire vine

- GC/C **axillaris** - small dark green leaves on this groundcover plant which forms a tight low-lying mat and is useful for covering rockery areas £12.00
- complexa - Wire plant** - tiny maidenhair-like foliage, good climber or ground cover, small star-like greenish white flowers AUG-SEP £11.50 Each 3 for £26.00
- var triloba** - an attractive form with leaves shaped like fiddles that twines away vigorously and makes a good architectural feature £13.50

MUSA - Banana, plantain

- ?GR/MS/E **basjoo - Japanese banana** - the hardiest of the bananas which will survive outdoors in mild areas. Although it will produce small bananas in maturity this plant is usually grown as an attractive architectural plant JUL - AUG £14.50 Z

MYOSOTIDIUM - Antarctic forget-me-not

- H **hortensia - Chatham Island forget-me-not** - large luxuriant bright green leaves and striking blue flowers. Seems to do best in exposed positions with poor soil MAY-JUN £17.00 Each 3 for £40.00

MYRSINE

- ?GR/MS/E **africanus - African boxwood, Cape myrtle** - slow growing upright shrub with glossy dark green leaves edged with teeth. The new growth is an attractive deep red colour £15.00

MYRTUS - Myrtle - see also LUMA and UGNI

- All £13.50 Each Any 3 for £30.00
- TS/E **communis - Common myrtle** - pure white scented flowers JUL-AUG
- MS/E **subsp. tarentina** - a compact rounded bush with needle-like leaves and creamy-white scented flower
- MS/E **'Variegata'** - leaves narrowly margined creamy-white
- lechleriana** - see AMOMYRTUS luma

NANDINA - Chopstick plant, Sacred bamboo

- All £14.00 Each 3 for £33.00
- MS/E **domestica** - upright habit and light green leaves
- DS/E **'Firepower'** - dwarf form with excellent autumn colour
- MS/E **'Richmond'** - vigorous grower with an abundance of red fruit in autumn
- DS/E **'Woods Dwarf'** - compact and disease resistant. Grows to 2ft. Reddish-purple in autumn

NEILLIA

- MS **thibetica** - attractive shrub with erect downy stems & pink flowers in arching racemes MAY-JUN £13.50

NEOLITSEA

- TE **sericea** - (formerly *LITSEA glauca*) - very attractive silky, rusty-brown, new growth which becomes dark green above and whitish below. Highly aromatic when crushed OCT-NOV £22.50

NEPETA - Catmint, Catnip

- H **'Six Hills Giant'** - tall form £8.00 Each 3 for £18.00
- H **'mussinii** - (*fassenii*) - dwarf catmint, lilac-blue flowers JUN-AUG £7.00 Each 3 for £16.00
- 'Snowflake'** - white form £8.00 Each 3 for £18.00

NERINE

- H **bowdenii - Bowden Cornish lily** - pink 10 Dry Bulbs £12.50 100 for £90.00 Potted £8.00 Each 3 for £20.00
- 'Pink Triumph'** - deeper pink form SEP-NOV 10 Dry Bulbs £12.50 100 for £90.00 Potted £8.00 Each 3 for £20.00

NERIUM - Oleander Small £16.00 Large £30.00

- oleander** - ideal for tub growing this branched shrub typically needs winter protection in the greenhouse. Will tolerate hard pruning if it becomes leggy JUN-SEPT
- red white yellow light pink salmon pink**

Michelia figo

Michelia yunnanensis

Monarda 'Croftway Pink'

Myosotidium hortensia

Nandina domestica 'Woods Dwarf'

Myrtus communis 'Variegata'

NEW ZEALAND FLAX - see PHORMIUM

NOTHOFAGUS - *Southern beech*

- All **£16.50** Except where priced
- T **antarctica** - *Antarctic beech, Guindo* - ovate glossy leaves which turn yellow in autumn. Often requires staking as a young plant as it is prone to lateral sprawling Large **£25.00**
 - T/E **cunninghamii** - *Myrtle beech* - a Tasmanian species with wiry shoots and close diamond-shaped leaves
 - T/E **dombeyi** - *Coiguo* - columnar habit, dark green leaves and shoots which are pendulous at the tips
 - T **glauca** - the larger leaved juvenile foliage is very different to the smaller leaf forms in maturity. Attractive pale orange-brown peeling bark

NYSSA - *Sour gum, Tupelo*

- T **aquatica** - *Cotton gum, Water tupelo*, - a rare tree with obovate-oblong leaves which have downy undersides. An American species Small **£15.50** Large **£50.00**
- T **sinensis** - *Chinese tupelo* - a hardy species with red young growth and brilliant red, orange and yellow autumn colour **£30.00**
- T **sylvatica** - *Black gum, Pepperidge* excellent autumn colour, foliage turns scarlet, red and yellow Small **£15.50** Large **£50.00**
- T **ursina** - *Bear tupelo* - a species from northern Florida with creamy-white flowers Large **£55.00**

OEMLERIA - *Indian plum, Osoberry* - (Syn. OSMARONIA)

- TS **cerasiformis** - fragrant greenish white ribes-like flowers. Attractive pale green new growth. FEB-APR **£14.50**

OENOTHERA - *Evening primrose, Sundrops*

- All **£9.00** Each **Any 3 for £22.00**
- T **fruticosa** 'Fireworks' - purple-brown flushed leaves and yellow flowers opening from red buds APR-JUN
 - T **macrocarpa** - (*missouriensis*) - yellow flowers remaining open in daytime JUN-AUG
 - T **speciosa** 'Siskiyou' - rose pink flowers shading to white centre and greenish throat

OLEA - *Olive*

- F7/GR/TS/E **europaea** 'El Greco' - selected fruiting form with small stones and good sized fruit **£13.50** Large **£45.00** Specimen **£75.00** Z

OLEARIA - *Daisy bush, New Zealand daisy bush*

- MS/E **capillaris** - reasonably hardy evergreen species with round leaves and clusters of white flowers in June **£12.50**
- MS/E **x haastii** - tiny leaves, white daisy flowers JUN-JUL **£9.50** Each **10 for £75.00**
- MS/E **'Henry Travers'** - (*O. semidentata*) - one of the scarcer but most attractive Olearias with lilac aster-like flowers with a purple centre. Excellent for coastal exposure but difficult to get going JUN-JUL **£14.50**
- TS/E **macrodonata** - greyish green holly-like leaves, good for a coastal shelter **£9.00** Each **10 for £70.00**
- MS/E **nummularifolia** - a very hardy species with stiff branches and yellow-green leaves. The flowers are small but highly fragrant JUL-AUG **£13.50**
- MS/E **phloggopappa** 'Combers Blue' - blue daisy bush grey-green leaves MAY-JUL **£13.50**
- MS/E **'Combers Pink'** - daisy bush with pale pink flowers MAY-JUL **£13.50**

- MS/E **x scilloniensis** - elongated silver leaves, white daisy bush MAY-JUL **£9.50** Each **3 for £24.00**

- MS/E **solanderi** 'Aurea' - fine gold foliage and small creamy-yellow flowers. Good in coastal conditions JUL-SEP **£10.00** Each **3 for £25.00**

- TS/E **traversii** - quick growing hedging plant widely used in Cornwall and the Isles of Scilly. Broad leathery leaves, white underneath MAY-JUN **£9.50** Each **10 for £80.00**

- GR7/E **'Variegata'** - striking pale green leaves splashed with yellow. An attractive foliage plant for the conservatory in all but the mildest areas **£12.50**

- MS/E **virgata** 'Dartonii' - (*lineata*) - very narrow almost needle-like leaves. Small flowers are white with yellow stamens. Frost hardy. **£12.50**

- MS/E **'Zennorensis'** - long serrated olive-green leaves, white underneath APR-MAY **£14.50**

OPHIPOGON

- OG/H/E **planiscarpus** 'Nigrescens' - *Black lilyturf, Mondo grass* Japanese plant with grasslike foliage. Copious purplish-black leaves with racemes of blue/white flowers on long stems **£9.50** Each **3 for £22.00**

ORANGE - see CITRUS

OSMANTHUS - *Sweet olive*

- TS/E **armatus** - an autumn flowering variety with a sweet scent. Long oblong leaves are very distinct with spiny teeth on the edges **£17.50**
- TS/E **x 'Burkwoodii'** - leathery glossy dark green leaves with fragrant white flowers MAR-APR **£15.00**
- MS/E **decorus** - slow growing bush with white fragrant flowers in spring MAR-APR **£13.50** Each **3 for £30.00**
- TS/E **delavayi** - tiny pure white flowers, fragrant APR-MAY Small **£15.00** Each **3 for £35.00**
- T **fragrans** - a tenderish wall shrub with large oblong toothed leaves and strongly fragrant flowers in summer **£14.50**
- MS/E **heterophyllus** - *Holly osmanthus* - bright green holly-like leaves, white scented flowers SEP-OCT **£11.00**
- TS/E **'Aureomarginatus'** - golden edged foliage **£12.00**
- MS/E **'Goshiki'** - an attractive form with leaves speckled with cream and pinkish on young growth **£13.00**
- TS/E **'Purpureus'** - young purple foliage SEP - OCT **£12.50**
- MS/E **'Rotundifolius'** - small spineless leaves rounded at the tips SEP - OCT **£12.50**
- TS/E **'Variegatus'** - silver-edged holly foliage **£12.00**

OSTEOSPERMUM - *African daisy*

(DIMORPHOTHECA) All produce a succession of daisy flowers from MAY-SEPT and require a hot sunny well drained site. Normally only despatched in late spring and early summer. All **£5.50** Each **3 for £13.50** **10 for £40.00**

- 'Cannington Roy'** - hardy and long established perennial form with purple tipped white flowers
- ecklonis compacta** - spreading but compact habit with white flowers which are indigo-blue on the reverse. In a normal winter this will easily survive as a hardy perennial
- 'Orange Symphony'** - luscious tangerine-orange flowers
- 'Tresco Purple'** - spreading habit and dark purple daisy-like flowers flushed white on the reverse. This is a fairly hardy perennial in milder locations

OSTRYA - *Hop hornbeam*

- TS **carpinifolia** - *European hop hornbeam* - long catkins in spring and good yellow autumn colour Small **£15.00** Large **£35.00**

OXYDENDRUM - *Sorrel tree, Sourwood*

- TS **arboreum** - racemes of white flowers and superb crimson and yellow autumn colouring AUG - SEP Small **£17.50** Large **£55.00**

OXYPETALUM - see TWEEDIA

OZOTHAMNUS All **£12.00** Each **Any 3 for £27.00**

- MS/E **ledifolius** - a tough aromatic Tasmanian shrub with yellow undersides to its leaves. Flowers are white and seedheads have a honey-like scent JUL-AUG

Paeonia lutea var. ludlowii

Paeonia 'White Wings'

Paeonia 'Albert Crousse'

Paeonia 'Felix Crousse'

PAEONIA

PAEONIA - *Paeony, Peony*

- MS **delavayi** - *Tree paeony* - tree paeony with single deep crimson red flowers JUL-SEP **£15.50**
- MS **lutea var. ludlowii** - single yellow tree paeony MAY-JUN **£15.50**
- MS **suffruticosa** - *Moutan* - All flower MAY-JUN All **£25.00** each **Any 3 for £60.00**
 - 'Blue Lotus'** - double, lavender
 - 'Colourful Butterfly'** - bicolour, pink and white
 - 'Flames in the Furnace'** - semi-double, red
 - 'Glossy Black'** - ('Wu Jin Yao Hui') - virtually black semi-double
 - 'Mulberry Purple'** - double purple
 - 'Snow Face Peach'** -
 - 'Snowy Lotus'** - single white
 - 'Snowy Pagoda'** - double white
 - 'Yao's Yellow'** - yellow
- H **Herbaceous Paeonies** All flower MAY-JUN All **£13.50** Each **Any 3 for £33.00**
 - 'Adolphe Rousseau'** - deep red, semi-double
 - 'Albert Crousse'** - rosy pink double
 - 'Bowl of Beauty'** - rose with yellow stamens
 - 'Duchess de Nemours'** - creamy-white double yellow heart
 - 'Felix Crousse'** - beautiful carmine-red
 - H **'mlokosewitschii** - *Caucasian paeony* - blue-green leaves and single yellow flowers APR-JUN **£15.50**
 - 'Sarah Bernhardt'** - pink double with silvery margins
 - 'White Wings'** - large white single

PALIURUS

- TS **spina christi** - slender thorny shoots and clusters of star-shaped yellow flowers followed by winged fruits JUN-JUL **£15.00**

PAMPAS GRASS - see CORTADERIA

- GC/E **PANDOREA** - *Bower plant* All flower JUL-OCT
 - jasminoides** 'Golden Showers' - tubular creamy-yellow flowers streaked with reddish-purple **£14.50**
 - 'Rosea Superba'** - vigorous evergreen climber, pink flowers spotted purple and borne in large pendulous sprays. Will thrive outdoors on a sheltered sunny wall **£14.50**
 - lindleyana** - (*Clytostoma callistegioides*) - double lipped purple flowers with long lilac veined pale purple flowers **£16.50**

PANICUM - *Millet*

- OG **virgatum** 'Heavy Metal' - stiff erect blue-grey leaves turning yellow in autumn **£9.50** Each **3 for £25.00**

PAPAVER - *Poppy*

- JUL-AUG All **£9.00** Each **3 for £22.00**
 - orientale** - *Oriental poppy* - orange-red oriental poppy
 - 'Papillon'** - hot pink colour with a hint of lilac and reddish blotches
 - 'Patty's Plum'** - large plum coloured flowers
 - 'Perry's White'** - white tinged blush

PARROTIA - *Persian ironwood*

- T **persica** - *Irontree* - excellent autumn colour with small red flowers in February-March on bare stems **£17.50** Large **£42.50**
- 'Vanessa'** - glossy red shoots and young leaves edged with bronze-red. More upright tree-like habit Large **£25.00**

PARROTIOPSIS

- TS **jacquemontiana** - suitable for chalky soils this erect growing shrub has yellow flowers and white bracts APR-MAY Large **£50.00**

PARTHENOCISSUS - *Boston ivy, Virginia creeper*

- see also CISSUS and VITIS
- 'Engelmanii'** - bright scarlet self-clinging Virginia creeper **£14.50**
 - 'henryana** - *Chinese Virginia creeper* - dark green foliage veined silver, turning red in autumn **£15.00**
 - himalayana** - *Himalayan woodbine* - strong growing self-clinging climber with larger leaflets than the 'Virginia Creeper' **£14.50**
 - 'Purpurea'** - smaller leaflets which are purple when young **£14.50**
 - quinquefolia** - *American ivy* - good autumn colour on this true Virginia creeper **£14.50**
 - tricuspidata** 'Green Spring' - *Japanese creeper* - a very vigorous form of the Boston ivy with broad leaves which densely cover walls to which the stems are self clinging **£14.50**
 - 'Veitchii'** - slightly smaller leaves which are purple when young **£14.50**

Passiflora classica x coccinea

Passiflora caerulea

Passiflora edulis

Passiflora x caeruleoracemosa

PASSIFLORA

PASSIFLORA - *Granadilla, Passion flower*

- GR/C/E **'Amethyst'** - (*'Lavender Lady'*) - purple to purple-blue flowers with green anthers MAY-NOV **£14.50**
- GR/C/E **antioquiensis** - huge pendulous rich rose-red flowers with a violet corona. Tender except in mild locations but a most spectacular plant for the conservatory JUN-OCT **£15.00**
- C/E **'caerulea'** - hardy blue passion flower MAY-NOV **£13.00**
- C/E **'Constance Elliot'** - striking ivory white flowers, hardy JUN-OCT **£14.50**
- C/E **x caeruleoracemosa** - (*x violacea*) - mauvish red passion flower MAY-NOV **£16.50**
- GR/C/E **classica x coccinea** - oak-like olive-green leaves and saucer-shaped scarlet-red flowers. A genuinely startling variety JUL-OCT **£27.50**
- GR/C/E **edulis** - edible yellow or purple fruits. Large flowers which have curly white filaments striped with purple on a white and green background JUL-AUG **£17.50**
- GR/C/E **'mollissima'** - pendent long pale pink tubular flowers in late summer JUL-AUG **£15.50** Z
- GR/C/E **'quadrangularis'** - fragrant deep red flowers with massive coronas of wavy filaments banded red/purple, white and pink **£22.50** Z

Parrotiopsis jacquemontiana

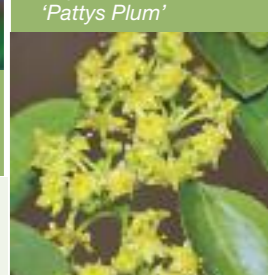

Pandorea 'Golden Showers'

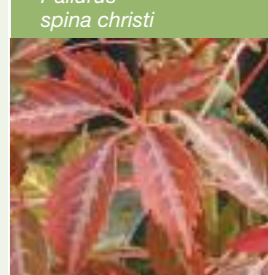

Papaver orientale 'Papillon'

Papaver orientale 'Patty's Plum'

Paliurus spina christi

Parthenocissus henryana

PLANT TYPE | NAME | VARIETY

T PAULOWNIA - Foxglove Tree
 ☞ **tomentosa** - large downy leaves, flowers sweetly scented violet-blue on bare stems
 MAY Small **£12.50** Medium **£25.00** Large **£35.00**
 'Lilacina' - (fargesii) - lilac flowers which have a pale yellow throat
 MAY Small **£25.00** Large **£40.00**

F/T PEARS - Pyrus H/Std All **£37.50** Each Z
 ☞ 'Conference' - large rusty greenish-yellow dessert pear, self pollinating Z
 ☞ 'Doyenne du Comice' - large yellow-brown dessert fruit in late season, partly self pollinating Z

OG PENNisetum - Fountain grass
 All **£9.00** Each **3 for £22.00**
alopecuroides - Chinese fountain grass - hardy clump-forming grass with dark green foliage which turns golden yellow in autumn
 ☞ **setaceum 'Rubrum' - African fountain grass** - a wonderfully graceful swaying tall grass with swords of deep purple hanging flower heads

H PENSTEMON - Beard tongue
 All Flower JUL-AUG All **£9.00** Each **Any 3 for £22.00**
 'Alice Hindley' - lilac-blue flowers, white inside
 'Blackbird' - dark purple
 'Firebird' - bright red with dark stripes and throat
 'Garnet' - deep crimson-wine
 ☞ 'Hidcote Pink' - bright pink with cream throat
 ☞ 'Maurice Gibb' - bright cerise with white throat
 'Mother of Pearl' - off-white and purple with dark throat markings
 'Snowstorm' - clear white with pink tinge
 'Sour grapes' - greyish-blue flowers suffused with rich purple and tinged green

C PERIPLOCA - Silk vine
graeca - flowers purple-brown inside and greenish white outside **£14.50**

PERIWINKLE - see VINCA

MS PEROVSKIA - Russian sage
 ☞ **atriplicifolia 'Blue Spire'** - dainty grey foliage, tall blue flowering spikes
 JUL-AUG **£10.50** Each **3 for £24.00**

PERSEA thunbergii - the most attractive feature of this unusual evergreen is its bright red new growth which appears in June **£17.50**

PERSICARIA - (Polygonum) - Knotweed
 H/E/GC **affinis** - deep pink **£8.00** Each **3 for £20.00**
 ☞ 'Darjeeling Red' - excellent ground cover with bright crimson flowers
 SEP-NOV **£8.00** Each **3 for £20.00**
H amplexicaulis 'Blackfield' - slender flowers in deep red-black. A smouldering beauty **£9.50** Each **3 for £26.00**
 H/7/E ☞ **bistorta 'Superba' - (Polygonum) Bistort, Adderwort**
 clear pink poker flowers AUG-OCT **£9.00** Each **3 for £22.00**
H microcephala 'Red Dragon' - tall and spreading variety with dramatic brownish-red leaves with black markings **£10.00 3 for £26.00**
 H/GC/7/E **vaccinifolia** - tiny pink flowers, good ground cover, and excellent autumn colour **£8.00** Each **3 for £20.00**

H PETASITES - Butterbur
japonicus - Giant butterbur - perennial rhizomatous plant which prefers damp conditions. Dense clusters of yellowish-white flowerheads in FEB-MAR followed by large kidney-shaped leaves growing up to 3 feet high on stalks **£12.00** Each **3 for £30.00**

OG PHALARIS
 ☞ **arundinacea 'Picta' - Gardener's garters** - silver and pink variegated ribbon grass **£8.50** Each **3 for £22.00**

T PHELLODENDRON - Cork tree
amurense - Amur cork tree - attractive aromatic leaves and silvery hairy winter buds **£18.00**

PHILADELPHUS - Mock orange, Syringa
 All JUN-AUG All **£12.50** Each **Any 3 for £30.00**
MS 'Belle Etoile' - freely produced fragrant single white flowers with a purple throat
TS coronarius - strongly scented with creamy-white flowers
 ☞ 'Aureus' - golden foliage, white flowers
MS 'Frosty Morn' - very sweetly scented double white flowers
MS 'Lemoinei' - scented white flowers
DS 'Manteau d'Hermine' - compact habit. Fragrant double, creamy-white flowers
TS 'Minnesota Snowflake' - double snow-white flowers
DS 'Mont Blanc' - single scented white flowers
TS 'Snowstorm' - double white flowers, vigorous grower
TS 'Virginal' - fragrant, double white flowers

PLANT TYPE | NAME | VARIETY

PHILLYREA - Jasmine box
 APR-MAY All **£14.00** Each **3 for £33.00**
TS/E angustifolia - small, fragrant creamy yellow flowers on this dense bushy shrub. Excellent for coastal exposure APR-MAY
latifolia - scented yellow-green flowers followed by black fruits in the autumn

PHLOMIS
MS/E fruticosa - Jerusalem sage - yellow flowers, felted grey-green foliage
 JUL-OCT **£10.00** Each **3 for £25.00**
DS/E italica - white hairy stems and leaves with pale lilac flowers
 JUN-JUL **£10.50**
H 'russeliana - Turkish sage - grey-green leaves and whorls of soft yellow flowers. Grows to 3 feet **£9.00** Each **3 for £22.00**
H tuberosa - violet flowers from JUN-JUL. Grows to around 3 feet tall **£9.00** Each **3 for £22.00**

H PHLOX
 All Flower AUG-OCT All **£9.00** Each **Any 3 for £22.00**
paniculata 'Border Gem' - Border phlox - deep violet-blue
 ☞ 'Bright Eyes' - pale pink with red eye
 ☞ 'Chattahoochee' - prostrate form with startling lavender-blue flowers
 'Orange Perfection' - deep orange
 'Rijnstroom' - pure pink
 ☞ 'Starfire' - dark foliage, red flowers
 ☞ 'White Admiral' - pure white

TS/GR/E PHOENIX
 ☞ **canariensis - Canary Island date palm** - vigorous architectural palm with arching fronds from the crown. Will survive outside in sheltered sites in Cornwall but is otherwise a pot plant for the greenhouse or conservatory Small **£14.50** Large **£35.00**

PHOTINIA
TS davidiana 'Palette' - Stranvaesia - leaves splashed pink, cream and red slow growing. In maturity some twigs and branches will revert to green **£13.50**
 ☞ **x fraseri 'Pink Marble'** - an exciting new variety with striking irregular pink and white variegation to its new growth and leaf edges. Certain to be popular **£15.00**
 ☞ 'Red Robin' - bright scarlet-bronze new growth
 Small **£10.50** Medium **£25.00**
 Large **£65.00** Specimen **£105.00**
TS/E serratifolia - young leaves are a bright coppery-red. A rare lime tolerant species APR-MAY **£17.50**

DS/MS/E PHYGELIUS - Cape fuchsia
 All Flower JULY onwards All **£9.00** Each **Any 3 for £22.00**
 ☞ **x rectus 'Devil's Tears'** - deep reddish pink flowers with orange/red lobes and yellow throats
 'Moonraker' - downward curved pale creamy-yellow flowers
 ☞ 'Salmon Leap' - orange flowers which turn back towards the stem

PHYLLOSTACHYS - see BAMBOO
H PHYSALIS - Bladder cherry, Chinese lantern
franchetii - papery orange lanterns protect the seeds which last well into the autumn and make an excellent dried "flower"
 AUG-NOV **£9.00** Each **3 for £22.00**

MS PHYSOCARPUS - Nine bark
 ☞ **opulifolius 'Dart's Gold'** - golden foliage on arching branches **£10.00 3 for £25.00**
 ☞ 'Diabolo' - white flowers and dark purple leaves which start out bronze-green when young
 MAY-JUN **£11.00 3 for £27.00**

H PHYSOSTEGIA - False dragonhead, Obedient plant
 JUL-AUG **£8.50** Each **3 for £22.00**
 ☞ **virginiana 'Summer Snow'** - pure white

CON PICEA - Spruce
DS/E 'abies 'Rydal' - Norway spruce - a much in demand new variety with dark red new growth Grafted **£19.00**
glauca var albertiana 'Conica' - Alberta white spruce
 dwarf Xmas tree **£9.50**
 ☞ 'Daisy's White' - spectacular cream new growth **£14.50**
DS/E 'Piccolo' - a sport of P.'Conica' with a dwarf habit **£14.50**
7/E 'omorika - Serbian spruce - attractive drooping branches which curve upwards at tips **£10.00**
DS/E 'pungens 'Glauca' - Blue spruce - **£12.50**
'Globosa' - flat topped with dense habit and stunning glaucous blue leaves Grafted **£19.50**

PIERIS - Lily of the valley shrub
 All **£14.00** Each **Any 3 for £36.00**
MS/E 'Flaming Silver' - startling silver variegation and scarlet new growth FEB-APR
TS/E forrestii 'Forest Flame' - dainty foliage red then fading to salmon FEB-APR
 ☞ **japonica 'Debutante'** - low growing form making a dense mound. White flowers in upright panicles
DS/E 'Little Heath' - variegated foliage with pink buds opening white
MS/E 'Mountain Fire' - a very hardy variety with shiny chestnut-brown new shoots
MS/E 'Purity' - pure white
MS/E 'Valley Valentine' - large dusky red panicles of flowers. In our opinion easily the best non white Pieris
MS/E 'Variegata' - attractive white variegated leaves and reddish new growth

C/E PILEOSTEGIA
viburnoides - slow growing self clinging climber with panicles of creamy-white flowers
 JUL onwards **£16.50**

CON PINUS - Pine
 12in - 25in pot grown plants. The ideal outer wind break for a coastal or exposed situation
 All **£9.50** Each **10 for £75.00** Except where priced
7/E contorta - Beach pine - suitable for light stony or sandy conditions
MS/E mugo -
DS/E 'Ophir' - Dwarf mountain pine - dwarf form with yellow winter foliage Grafted **£14.50**
7/E nigra - Austrian pine - (Syn. austriaca)
 ☞ **patula** - a graceful tree with spreading branches and pendulous drooping foliage **£15.00**
7/E pinaster - Bournemouth pine, Cluster pine, Maritime pine
 dome-shaped tree in maturity with long, ovoid, brown cones **£12.50**
7/E 'radiata - Insignis pine, Monterey pine - (Syn. Insignis)
 the very best tall growing windbreak in an exposed position
7/E strobis - Deal pine, Weymouth pine - cracked black bark in maturity **£13.50**
7/E sylvestris - Scots pine - British Isles native

"I have just received the Phormium that I ordered. They seem in good condition. Very impressed with the quick response and the size of the plants for the price. Thank you". Sandra Maskell

Philadelphus 'Belle Etoile'

Phlomis fruticosa

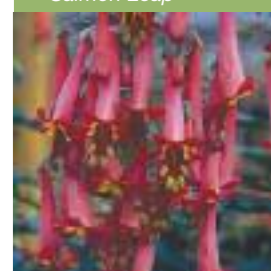

Paulownia tomentosa

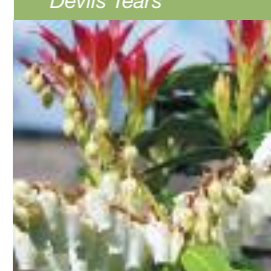

Persicaria affinis 'Darjeeling Red'

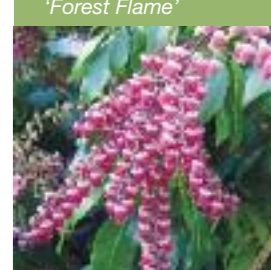

Phygellius 'Salmon Leap'

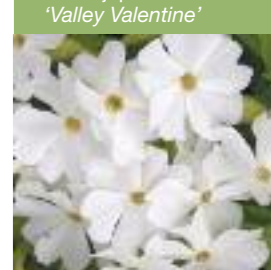

Phygellius 'Devils Tears'

Pieris forrestii 'Forest Flame'

Pieris japonica 'Valley Valentine'

Phlox paniculata 'White Admiral'

Phlox paniculata 'Bright Eyes'

Phormium 'Joker'

Phormium 'Golden Ray'

PHORMIUM

All **£12.50** each | Any **3 for £30.00**

These architectural plants can be grown in tubs and make excellent features on the patio. They prefer a hot dry site and are perfectly hardy if sheltered from strong winds. In colder areas they need to be given some mulch or other protection around the base of the plant in winter.

Phormium 'Maori Maiden' Phormium 'Cream Delight' Phormium 'Sundowner' Phormium 'Sunset'

MS/E PHORMIUM - New Zealand flax
 'Alison Blackman' - a new release with distinctive olive green centres to the leaves which have golden cream stripes and a thin margin of orange-red
 'Apricot Queen' - yellow leaves overlaid with apricot, edged dark green bronze
 'Black Adder' - a fantastic deep burgundy coloured phormium with a semi-upright habit. Grows to 4 ft
 'Black Rage' - an outstanding black leaved phormium with an upright and arching habit. Clump forming
DS/E 'Bronze Baby' - arching outer leaves, red-bronze in colour
DS/E 'Chocolate Fingers' - dwarf form that has a light chocolate leaf colour and forms a dense clump of only 12-15 inches in height
 'Co-Ordination' - dark green leaves with bronzy-brown centres
 ☞ 'Cream Delight' - variegated green with cream centre and red margin. Spreading and drooping habit
 'Crimson Devil' - rich crimson-red with darker red margins
 'Dark Delight' - dark purple-black leaves and a strong upright habit
DS/E 'Duet' - creamy margins to the leaves. Smaller growing than most varieties

'Evening Glow' - bright red and pink leaves which are erect at first and then spreading
DS/E 'Flamingo' - small with weeping habit but compact. Leaves have orange-pink, green and pale yellow stripes
 'Glowing Embers' - green younger leaves mature to salmon-pink and eventually fade to yellow as they age. Grows to 5 ft
 'Golden Ray' - distinctive overall golden-yellow appearance. Leaves have a narrow green centre with golden stripes nearer the margins
 'Golden Sword' - tall growing variety with stiff upright leaves which have creamy-yellow centres fading to gold with an occasional pinkish flush
 'Jester' - a new variety with pink centres to the leaves which have attractive lime-green margins
 'Joker' - bright pink-red on the leaf margins which are dark lime-green in the centre. The reverse colours of 'Jester'
 'Margaret Jones' - attractive variegated rose-red leaves with bronze margins
 'Moonraker' - creamy-yellow and green variegated stripes with a predominately cream-yellow band in the centre
 'Pink Panther' - rich candy-pink foliage margined deep ruby red
 'Pink Stripe' - bluish-grey leaves edged pink

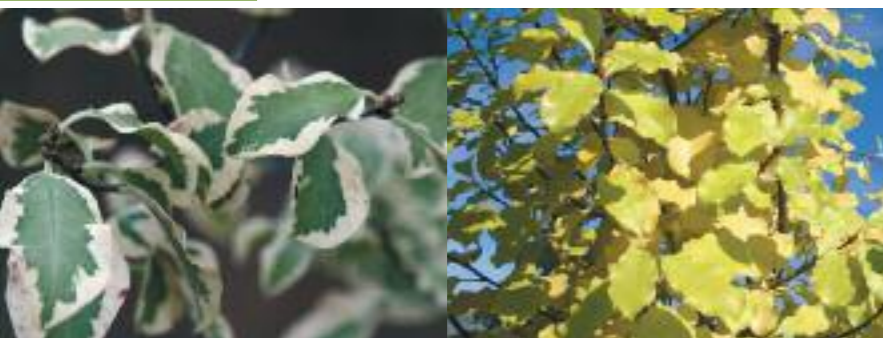

'Platts Black' - rich deep bluish purple coloured leaves and compact habit
 'Rainbow Maiden' - pale pink centre fading cream on outside of leaves
 'Rainbow Queen' - deep pink centre with purple edge
 'Rainbow Sunrise' - red, pink and bronze
DS/E 'Red Fingers' - the only multi-coloured dwarf phormium with leaves which are striped pink and red on bronze-green
 ☞ 'Sundowner' - purple, pink and cream. Tall and upright growing
 'Sunset' - pinkish red with stripes of bronze-green especially towards the edges. Pink in older leaves turns to a canary-yellow
DS/E 'Surfer' - small bronzy or green curling leaves, dwarf habit. We offer bronze or green forms.
DS/E 'Surfer Bronze' - upright and twisted bronze leaves
TS/E tenax - green tall growing
 ☞ 'Purpurea' - long bronzy-purple leaves
 ☞ 'Variegatum' - green leaves with a creamy-white margin
DS/E 'Tom Thumb' - another dwarf variety with a bronze margin to the green leaves which are narrow and twisting
 ☞ 'Tricolor' - variegated, green with cream edge and a thin red stripe on the leaf margin
 ☞ 'Yellow Wave' - bright yellow and green tall growing and upright

Piptanthus nepalensis

PIPTANTHUS - *Evergreen laburnum, Nepal laburnum nepalensis* - (Syn. laburnifolius) - evergreen shrub suitable for a sunny wall with glossy leaves and bright yellow laburnum-like flowers
MAY-JUN **£16.50**

PISTACIA - *Pistachio*
T **chinensis** - *Chinese mastic, Chinese pistachio* - glossy green pinnate leaves with good autumn colour **£14.00**
F/T/E **lentiscus** - *Mastic tree* - aromatic tree with leathery dark green leaflets and red fruits APR-MAY **£16.00**

Pittosporum tenuifolium 'Wendle Channon'

Pittosporum tenuifolium 'Warnham Gold'

PITTOSPORUM

All **£12.50** each | Any **3 for £27.00**
Except where priced

PITTOSPORUM - *Parchment bark*

Hardy in all but the coldest areas

- T/S/E **crassifolium** - a very hardy variety which is excellent in coastal conditions with thick leathery leaves and deep purple flowers
'Variegatum' - grey-green leaves variegated creamy-white on the edges **£14.50**
- T/S/E **eugenioides 'Variegatum'** - pale yellow scented flowers and leaves margined creamy-white **£9.50** Each **10 for £80.00**
- T/S/E **tenuifolium** - green foliage
- M/S/E **'Abbotsbury Gold'** - bright greenish-yellow blotches in the centre of the young leaves which become less distinct on maturity
- M/S/E **'Atropurpureum'** - green new growth. Leaves then become purplish-brown
- M/S/E **'Elizabeth'** - cream and green with distinctive pink edge. Hardy
- M/S/E **'French Lace'** - upright habit. Foliage turns an attractive plum colour in autumn
- T/S/E **Garnettii** - (*'Saundersii'*) - rounded leaves are variegated white on cream
- M/S/E **'Gold Star'** - with variegated foliage and a gold star in the centre
- M/S/E **'Golf Ball'** - a new variety which is a pure light green and makes an excellent hedge or topiary with minimal trimming. It does not become leggy and its leaves hold on the lower branches
- D/S/E **'Irene Paterson'** - (Snow) - green speckled white
- M/S/E **'Margaret Turnbull' - Kohuhu** - dark green foliage heavily variegated with gold centre
- M/S/E **'Moonlight'** - yellow with deep green edges
- M/S/E **'Silver Magic'** - small, silvery leaves with white margins
- T/S/E **'Silver Queen'** - leaves suffused silvery-grey with narrow white margins

PODOCARPUS

All **£13.50** each | Any **3 for £30.00**
Except where priced

Podocarpus 'Young Rusty'

Podocarpus 'Roro'

PODOCARPUS - *Alpine totara*

- M/S/E **acutifolius** - very unusual foliage form with a dense prickly habit
- T/E **andinus** - *Chilean yew, Plum yew* - yew-like habit with black fruits
- D/S/E **x 'Blaze'** - young growth is a startling orange becoming green to purple-bronze. Compact habit, female
- D/S/E **x 'County Park Fire'** - salmon-pink new growth in MAY, rich reddish-orange in winter. Slow growing
- elongatus 'Blue Chip'** - a most impressive podocarpus with long linear leaves which are a stunning glaucous blue colour. Imported from New Zealand this plant is new to the UK but has survived 3 winters outside in the South of England **£15.50**
- M/S/E **cunninghamii 'Roro'** - (*hallii*) - male with pointed pale green leaves. The new shoots are a startling cream to purplish colour
- T/S/E **henkellii** - South African species which has proved just as hardy a P.salignus in the last 3 winters. Extremely long and slightly curved dark green leaves. A compact growing small tree **£16.50**
- D/S/E **lawrencei** - suitable for rockeries, this groundcover species has yew-like leaves which are blue or grey-green
- M/S/E **macrophyllus 'Aureus'** - *Buddhist pine, Kusamaki* distinct leaves up to six inches long with a yellowish hue when grown in full sun **£16.00**
- D/S/E **nivalis** - one of the hardiest species for the UK which forms a low spreading mound and makes excellent ground cover
- D/S/E **'Kilworth Cream'** - a compact dwarf shrub with a creamy-white hue all year but especially in winter. New growth is pinkish in spring
- T/S/E **nubigenus** - *Chilean podocarp* - an attractive slow growing shrub with spiral pointed dark green leaves, glaucous underneath
- T/E **salignus** - *Willow podocarp* - (*Syn. chilensis*) - long, shiny, dark green leaves, an excellent background foliage for flower arrangements **£10.50**
- M/S/E **totara** - *Totara* - slow growing shrub with pale greenish-yellow pointed leaves. Appears rather yew-like
- M/S/E **'Aureus'** - new growth a light yellowy white then turning more golden yellow later
- D/S/E **x 'Young Rusty'** - free fruiting female form with rust coloured foliage

POLIOTHYRSIS

T **sinensis** - red stalked ovate and slender pointed leaves. Fragrant creamy-yellow flowers in conical panicles JUL-AUG Small **£22.50** Large **£50.00**

POLYANTHES - *Polianthes*

?GR/H **tuberosa** - *Tuberose* - Mexican bulb producing spikes of double creamy-white heavily scented flowers which will normally bloom 6 weeks after initial planting at any time of the year. Best grown as a pot plant for the greenhouse or conservatory
Single Flowers **£8.50** Each **3 for £22.00**
Double Flowers **£9.00** Each **3 for £24.00**

POLYGALA - *Milkwort*

GC/E **chamaebuxus 'Grandiflora'** - purple pea flowers with an attractive yellow keel APR-JUN **£13.00**
?GR/MS/E **myrtifolia 'Grandiflora'** - bright purple pea-like flowers, evergreen JUL-SEP **£14.50**
?GR/MS/E **virgata** - evergreen shrub from southern Africa bearing racemes of deep magenta-purple flowers in spring **£13.50**

POLYGONATUM - *Solomon's seal*

3 H **multiflorum** - *Lady's seal* - green-white flowers, borne on arching stems APR-JUN **£9.00** Each **3 for £22.00**
'Variegatum' - narrow white edges on the leaves and white flowers APR-JUN **£9.50** Each **3 for £24.00**

POLYGONUM - *Knotweed*

baldschuanicum - *Russian vine* - see Fallopia baldschuanica

POLYSTICHUM - see HARDY FERNS

POMEGRANATE - see PUNICA

PONCIRUS - *Japanese bitter orange*

MS **trifoliata** - *Hardy orange* - spiny shoots, single white flowers and miniature inedible orange-like fruit. **£13.50**

POPULUS - *Poplar*

T **alba** - *Abele, White poplar* - a tall growing tree with white woolly undersides to the leaves **£8.00** Each **10 for £65.00**
candicans 'Aurora' - striking young foliage, pink, cream & green Whip **£15.00** H/Std **£40.00**

T **lasiocarpa** - *Chinese necklace poplar* - a magnificent tree with huge red veined leaves often a foot long and nearly as wide. Seeds when mature are like cotton **£22.50**

POTENTILLA - *Buttercup shrub, Cinquefoil, Fivefinger*

DS Best colour in dull weather conditions. All Flower JUN-OCT All **£11.00** Each **Any 3 for £27.00**

- fruticosa 'Red Ace'** - strong red
- 'Abbotswood'** - the best white
- 'Daydawn'** - apricot-pink
- 'Elizabeth'** - canary-yellow
- 'Klondike'** - bright gold
- 'Princess'** - soft pink
- 'Snowflake'** - pure white
- 'Sunset'** - orange-scarlet
- 'Tangerine'** - orange

H Herbaceous forms

- All flower JUN-AUG All **£9.00** Each **Any 3 for £22.00**
- 'Gibson's Scarlet'** - bright red dazzling flowers with black centre
- megalantha** - clump forming perennial with saucer-shaped yellow flowers
- 'William Rollison'** - striking orange flame colour

Primula helodoxa

Primula 'Miller's Crimson'

Primula 'Postford White'

Primula bulleyana

PRIMULA

H PRIMULA

CANDELABRA TYPES - best in damp semi-shaded or boggy conditions APR-JUN All **£9.50** Each **Any 3 for £22.00** **Any 10 for £67.50**

- beesiana** - shades of lilac-purple
- bulleyana** - red buds opening orange
- helodoxa** - yellow
- japonica 'Miller's Crimson'** - red
- 'Postford White'** - white
- pulverulenta** - magenta pink

OTHER PRIMULAS

- All **£8.50** Each **Any 3 for £22.00** **Any 10 for £65.00**
- denticulata** - *Drumstick primrose* - lilac-purple drum-stick primula FEB-APR **alba** - good white form
- florindae** - *Giant yellow cowslip, Himalayan cowslip* late flowering, canary-yellow, scented JUL-AUG **'Gold Laced'** - dark red or black flowers laced with golden-yellow on the edges
- sieboldii 'Snowdrop'** - large white drooping flowers with deeply cut petals and pale green toothed and downy leaves APR-MAY
- veris** - *Cowslip, Herb Peter, Palswort* - variable yellow flowers MAR-APR
- vialli** - lilac poker-like flowers, red in bud
- vulgaris** - *Primrose* - fragrant pale yellow flowers JAN-MAY
- 'Wanda'** - dark claret-red flowers in early spring

PRIVET - see LIGUSTRUM

PROSTANTHERA - *Australian mint bush*

- M/S/E **cryptandroides** - *Wollemi mint bush* - fragrant pink-lilac flowers and 3-lobed aromatic leaves **£12.50**
- D/S/E **cuneata** - *Alpine mint bush* - minute leaves and large racemes of white flowers. The hardiest of all Prostantheras and a suitable rock plant APR-SEP **£11.00**
- M/S/E **lasianthos** - white flowers with a purple tint and large lanceolate leaves MAY-JUN **£11.00**
- M/S/E **ovalifolium 'Variegata'** - bushy shrub with grey-green variegated leaves and cup-shaped purple flowers in terminal racemes **£11.00**
- T/S/E **sieberi** - largest growing form with lilac-purple flowers and aromatic leaves MAR-MAY **£11.00**

?GR/E PROTEA

despite the casualties from the winter of 2010/11 proteas are much easier to grow than many people imagine and can readily be grown outside in milder areas PROVIDING the soil is very free draining, acidic and low in nutrients (ie no fertiliser containing phosphates). Full sun and a south facing slope would be ideal. To avoid proteas getting wet feet it is helpful to plant them on a raised mound and add bark or grit for improved drainage.

- Banksia spinulosa var. spinulosa** - slow growing with spiny leaves and flowers which range in colour from yellow to orange-red **£15.00**
- Hakea salicifolia** - *Willow-leaved hakea* - willow-shaped leaves. In spring racemes of creamy-white flowers **£20.00**
- Leucadendron** - *'Safari Sunset'* - hardy to about -6°C. This variety has a medium sized bract (flower) which is brilliant red and provides a colourful winter or spring display **£14.50**

PRUNUS

Prunus 'Ukon'

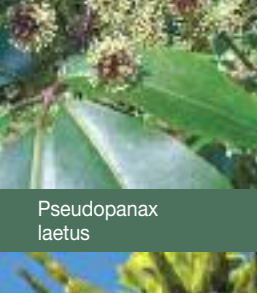

Prunus mume 'Beni-shidari'

Prunus nipponica 'Brilliant'

Pseudopanax lessonii 'Gold Splash'

Pseudopanax laetus

Puya chilensis

PRUNUS - Cherry tree

- FLOWERING CHERRIES**
- ☛ **'Amanogawa'** - *Flagpole cherry, Lombardy poplar cherry* - tight columnar habit and dense clusters of semi-double pale pink flowers MAR-APR H/Std **£40.00**
 - ☛ **avium** - *Common wild cherry, Gean, Mazzard* £6.00 Each **10 for £50.00**
 - ☛ **'Plena'** - double white flowered form H/Std **£42.50**
 - ☛ **x hillieri 'Spire'** - conical habit with soft pink flowers in early spring H/Std **£42.50**
 - ☛ **'Kanzan'** - the most floriferous of the double pink cherries with vigorous and quick growing habit MAR-APR H/Std **£42.50**
 - ☛ **'Kiku Shidare Zakura'** - deep pink double flowering cherry with weeping habit MAR-APR H/Std **£42.50**
 - ☛ **maackii 'Amber Beauty'** - attractive tree with a narrow crown and amber coloured bark. White flowers Small H/Std **£45.00**
 - ☛ **'Pink Perfection'** - one of the most attractive of all the cherries. Bright rosy pink buds opening paler pink, double APR-MAY H/Std **£45.00**
 - ☛ **sargentii** - pale pink flowers with bronze red young foliage, brilliant autumn colours APR-MAY H/Std **£42.50**
 - ☛ **serrula** - beautiful polished mahogany coloured stems H/Std **£42.50**
 - ☛ **'Shimidsu'** - (*'Shogetsu'*) - wide spreading branches and a flattened top to this attractive tree. Flowers are pink tinted in bud opening pure white all along the branches H/Std **£42.50**
 - ☛ **'Shirofugen'** - pink in bud, changing to blush white, double MAR-APR H/Std **£42.50**
 - ☛ **'Shirotae'** - (*Mount Fuji*) - large single or semi-double fragrant white flowers APR-MAY H/Std **£42.50**
 - ☛ **x subhirtella 'Autumnalis'** - white flowers, in flushes, between autumn and spring Bush **£25.00** H/Std **£42.50**
 - ☛ **'Autumnalis Rosea'** - pink flowering 'Autumn Cherry' Bush **£25.00** H/Std **£42.50**

- PSEUDOCYDONIA**
- TS/7E **sinensis** - *Chinese quince* - semi-evergreen with flaking bark. Solitary pink flowers in spring and then large yellow egg-shaped or quince-like fruits MAR-APR **£27.50** Z

PSEUDOPANAX

All £13.50 each | Any 3 for £30.00

- PSEUDOPANAX**
- TS/E **adiantifolius** - foliage resembles large leathery maidenhair fern leaves
 - TS/E **crassifolius** - *Lancewood* - huge spiky purplish-red leaves which appear almost black from a distance. With us it has proved completely hardy and achieved 15 feet in height
 - TS/E **ferox** - *Toothed lancewood* - similar to P. crassifolius but with smaller hooked leaves grey-green when immature
 - TS/E **laetus** - deep green leaves with prominent midribs. A most effective architectural plant giving a lush tropical effect
 - MS/E **lessonii** - architectural green foliage
 - ☛ **'Cyril Watson'** - glossy thick green leaves with prominent mid-rib and veins. Makes an excellent foliage pot plant
 - ☛ **'Gold Splash'** - striking gold variegated foliage
 - ☛ **'Rangitira'** - shiny palmate five lobed bronze-purple leaves
 - TS/E **'Sabre'** - upright growing with long single pointed leaves which are dark green with a yellow central vein. Leaves have a slightly saw-toothed margin

- PSEUDOTSUGA - Douglas fir**
- 7E **menziesii** - tall fast growing tree with downswept branches which give a stately effect in parkland **£13.00**

- PSEUDOWINTERA - New Zealand pepper tree**
- MS/E **colorata** - striking foliage coloured cream and pink; best in semi-shade **£13.00**
 - ☛ **'Marjorie Congreve'** - beautiful shrimp-pink foliage with soft yellow tints as the leaves mature. Slow growing with an upright habit. Best leaf colours are produced in a sunny but sheltered aspect **£16.50**
 - ☛ **'Moulin Rouge'** - deep red colouring on the foliage with splotches of deeper purple-red. Very hardy **£14.50**
 - ☛ **'Red Glow'** - selection that colours bright pink-red on the new foliage. The colour fades but the leaves retain a pink-red glow **£15.00**
 - ☛ **'Red Leopard'** - gold-green leaves heavily blotched with deep ruby-red **£15.00**

Prunus 'Kiku Shidare Zakura' Prunus maackii 'Amber Beauty' Prunus 'Tai-Haku' Prunus tenella 'Fire Hill'

- ☛ **'Tai Haku'** - *Great white cherry* - large single white flowers MAR-APR H/Std **£42.50**
 - ☛ **'Ukon'** - semi-double, pale greenish white flowers MAR-APR H/Std **£42.50**
 - ☛ **x yedoensis 'Ivensii'** - small weeping tree with long tortuous branches and drooping twigs and snow white flowers MAR-APR H/Std **£42.50**
- FRUITING CHERRIES**
- T ☛ **cerasifera 'Nigra'** - *Black-leaf plum, Blaze* - red leaves when young then turning dark purple. Pink flowers MAR-APR H/Std **£42.50** Z
 - MS ☛ **x cistena** - *Purple leaf sand cherry* - red leaves and white flowers in spring. Black edible fruits MAR-APR Bush **£20.00** Z
 - MS ☛ **incisa 'Kojo No Mai'** - *Fuji cherry* - masses of small white or pale pink flowers very early in the spring carried on zig zag shoots FEB-MAR **£16.00**
 - TS **mume 'Beni-shidari'** - strongly fragrant double, cup-shaped pink flowers. Pink in bud fading after opening MAR-APR **£16.50**
 - TS **nipponica var. kurilensis 'Brilliant'** - dwarf compact habit with flowers which open white and fade to soft pink APR-MAY **£16.50** Z

- PTELEA** All JUL-AUG
- TS **trifoliata** - *Hop tree, Swamp dogwood, Wingseed* - fragrant small yellowish flowers in summer followed by persistent hop-like fruits Whip **£15.00** Large **£32.50**
 - ☛ **'Aurea'** - leaves a soft yellow particularly in spring and autumn Large **£40.00**

- PTEROCARYA - Wing nut**
- T **fraxinifolia** - *Caucasian wing nut* - greenish flowers in large pendulous catkins Large **£17.50**
 - ☛ **stenoptera** - *Chinese wing nut* - vigorous tree with pinnate leaves and winged green fruits in pendent spikes in summer **£16.00**

- PTEROSTYRAX**
- T **corymbosa** - a rare shrub with nodding panicles of fragrant white flowers and ovate leaves MAY-JUN Small **£16.00** Large **£40.00**
 - ☛ **hispida** - *Asgara, Epaulette tree* - vigorous small tree or large shrub with ovate leaves and attractive long panicles of fragrant white flowers JUN-JUL Small **£17.50** Large **£35.00**

- PULMONARIA - Jerusalem cowslip, Lungwort**
- H **'Blue Ensign'** - dark green leaves and pretty violet blue flowers in spring
 - officinalis 'Rubra'** - red flowers
 - ☛ **'Sissinghurst White'** - pure white

- PULSATILLA** MAR-APR
- H **vulgaris 'Rubra'** - *Pasque flower* - red flowers **£9.00** Each **3 for £22.00**

- PUNICA - Pomegranate**
- F/7GR/MS **granatum** - funnel-shaped scarlet or orange-red flowers in late summer. Needs a well drained hot site to produce fruits AUG-SEP **£13.50** Z
 - F/7GR/DS **'Chico'** - large carnation-like orange blooms SEP-OCT **£13.50** Z
 - ☛ **'Flore Pleno'** - double orange-red flowers **£14.00** Z
 - ☛ **'Nana'** - *Dwarf pomegranate* - dwarf growing form with orange-red flowers **£14.00**

- PUYA** All Flower JUN-AUG All **£15.00**
- 7GR/MS/E **berteroniana** - bromeliad with rich bluish-green or deep blue-green flowers with bright orange stamens
 - chilensis** - striking stiff leathery mid-green leaves of up to 3 feet in length with spines. Trumpet-shaped yellow or green flowers on a tall spike

- TS **spinosa** - *Blackthorn, Sloe* - white flowers APR-MAY open ground **£1.50** Each **10 for £12.50** **100 for £110.00**
 - DS **tenella 'Fire Hill'** - suckering shrub with brilliant rose-red flowers. The most attractive of all the dwarf almonds and ideal for growing in a heather bed MAR-APR Bush **£20.00** Z
 - DS **triloba** - *Flowering almond, Rose tree of China* - popular dwarf almond, branches wreathed with bright double pink flowers MAR-APR Bush **£17.50** Z
- LAURELS**
- TS/E ☛ **laurocerasus** - *Common laurel* - excellent for hedging even in shade APR-MAY Small **£7.50** Each **10 for £60.00** Medium **£8.50** Each **10 for £70.00**
 - TS/E **'Marbled White'** - conspicuously white margined leaves which can be flushed with pink in winter **£11.00**
 - DS/E ☛ **'Otto Luyken'** - dwarf cherry laurel JUN-JUL **£9.50** Each **3 for £24.00**
 - TS/E ☛ **lusitanica** - *Portugal laurel, Portugal laurel* - long scented white racemes of flowers JUL-AUG **£8.50** Each **10 for £60.00**

- PYRACANTHA** JUN-JUL All **£12.50** Each **Any 3 for £30.00**
- TS/E ☛ **Saphyr Cadange** - orange berries in September
 - ☛ **Saphyr Cadaune** - yellow berries in October
 - ☛ **Saphyr Cadrou** - *Firethorn* - red berries in December

- PYRUS - Pear** All **£42.50**
- T **calleryana 'Chanticleer'** - narrow conical habit with white flowers in MAR-APR and small brown fruits
 - ☛ **salicifolia 'Pendula'** - *Weeping pear* - silver foliage with a graceful drooping habit, flowers white

- QUERCUS - Oak**
- T **acutissima** - *Japanese chestnut oak, Sawtooth oak* - oblong chestnut-like leaves which persist into winter **£13.50**
 - T **cerris** - *Bitter oak, Turkey oak* - **£7.50** Each **10 for £60.00**
 - T/E **chrysolepis** - ovate spine-toothed leaves which are downy and yellowish when immature, becoming grey and glabrous later **£15.00**
 - T **coccinea** - *Scarlet oak* - excellent autumn colour Grafted **£25.00**
 - T **dentata 'Carl Ferris Miller'** - stout shoots and very broad, large, ovate leaves. Rare and fairly slow growing. Grafted **£45.00**
 - T **gambellii** - *Gambel oak, Shin oak* - leathery, obovate and deeply lobed leaves **£12.50**
 - T **garryana** - *Oregon oak* - shining green deeply cut leaves **£12.50**
 - T/E **ilex** - *Evergreen oak, Holm oak* - evergreen oak, excellent for windy or coastal conditions Small **£8.50** **10 for £75.00** Large **£25.00** Each **10 for £215.00**
 - T **imbricaria** - *Shingle Oak* - long narrow oval leaves. Rich autumn colours **£12.50**
 - T **kelloggii** - *Californian black oak* - lobed and bristle-toothed shining green leaves **£15.00**
 - T **michauxii** - *Basket oak, Swamp chestnut oak* - loosely toothed bright green leaves. Excellent yellow autumn colour **£12.50**
 - T **mongolica** - *Mongolian oak* - leaves borne in dense clusters at the ends of the branches **£12.50**
 - T/E **myrsinifolia** - small and compact tree with dark green leaves which are paler beneath. Used as a windbreak at Caerhays **£17.50**
 - T/E **phillyreoides** - rare evergreen oak with oval leathery glossy green leaves and bronze-tinted new growth **£12.50**
 - T **robur** - *Common oak, English oak, Pedunculate oak* 3-4ft **£6.50** Each **10 for £55.00**
 - T **rubra** - *Red oak* - excellent autumn colour Whip **£16.50** Small H/Std **£32.50**
 - T/E **suber** - *Cork oak* - bark becomes thick and corky in maturity **£20.00**
 - T/7E ☛ **turneri 'Pseudoturneri'** - *Turner's oak* - semi-evergreen tree with dark green leaves Grafted **£29.50**

How To Plant Trees & Shrubs

A step by step guide is available at: www.burncoose.co.uk

Follow the link: [Care & Planting Advice](#)

- T **velutina** - *Black oak, Quercitron oak* - very large and irregularly lobed leaves. Reddish-brown and yellowish autumn colour **£12.50**
- T/7E **virginiana** - *Southern live oak* - tall growing species with longitudinally furrowed bark. It keeps its leaves throughout the winter dropping them only when the new growth emerges **£15.00**
- TS **wisizeni** - *Interior live oak* - Californian species with polished holly-like leaves edged with spines **£25.00**

- QUILLAJA**
- T/E **saponaria** - *Soap bark tree* - a small Chilean tree with thick oval leathery leaves and solitary white flowers with a purple centre. Tender except in the mildest locations but has survived minus 5°C in the nursery MAR-APR **£14.00**

- REEVESIA**
- T/E **pubescens** - the only known mature plant in Cornwall is at Tregothnan. This extremely rare tree has ovate, leathery leaves and creamy-white fragrant flowers during summer **£70.00**

- REHDERODENDRON**
- TS **macrocarpum** - tall shrub with cup-shaped pendent white flowers, slightly scented, followed by bright red ribbed fruits MAY-JUN **£30.00**

- RESTIO**
- 06/E Restios make eye-catching architectural features in any garden or border or as patio plants in pots All **£13.50** Each **3 for £30.00**
 - Chondropetalum tectorum** - *Thatching reed* - rush-like plant forming an ornate erect tussock. Prefers full sun and well drained soil. Grows well in coastal conditions and survives up to -8°C
 - Elegia capensis** - *Broom reed* - a very architectural restio with stems of up to 6 ft from a tussock. Brownish flower heads in spring, followed by dark brown seed heads which are good for cutting. Providing the plant is well protected with a winter mulch it will reshoot from the ground

- RHAMNUS - Buckthorn**
- 3 TS/E ☛ **alaternus 'Argenteovariegata'** - leaves green and marbled grey with an irregular creamy-white margin. If you like variegated shrubs this is the one for you **£14.00**

- RHAPHIOLEPIS** All **£14.00**
- delacourii 'Coates Crimson'** - rose-crimson flowers
 - indica 'Spring Time'** - apple-blossom pink flowers on a shrub with a dense rounded habit
 - MS/E **umbellata** - white flowers sometimes tinted rose-pink and thick oval glossy leaves MAY-JUN

- RHAPHITAMNUS**
- MS/E **spinus** - a Chilean plant which resembles a myrtle but has needle-like spines also. Small tubular pale blue flowers in April and deep blue berries which rather make up for the prickles **£14.50**

- RHEUM - Rhubarb**
- H **palmatum** - bog or water loving rhubarb plant with large leaves and plumes of red flowers on tall stems JUL-AUG **£10.00** Each **3 for £25.00**

- RHODOCHITON - Purple bell vine**
- GR/7/C **atrosanguineum** - dark green foliage, purple-red pendent flowers with black centres. An excellent climber for the conservatory where it will grow 8-10ft in a single season and flower throughout the summer. Suitable for the greenhouse or outdoors in sheltered areas. **£11.00** Each **3 for £25.00**

"I received my order from you and the quality of the plants was superb and beautifully packed with no damage. Once again many thanks for an excellent service". Roy Charlton

RHODODENDRON - Rose bay SPECIES

- MS **albrechtii** - an unusual species with deep rose flowers which appear before the leaves APR-MAY
 - MS/E **augustinii** - striking blue flowers. A must for any woodland garden
 - MS/E **bauhiniiflorum** - lemon-yellow flowers APR-MAY
 - DS/E **burmanicum** - greenish-yellow flowers MAR-APR
 - MS/E **chapmanii** - pink flowers with greenish spots APR-MAY
 - DS/E **ciliatum** - early pink MAR-APR
 - MS/E **ciliicalyx** - large white scented flowers APR-MAY
 - TS/E **crassum** - late scented white MAY-JUN
 - MS/E **cubittii** - flowers usually pink blotched orange-yellow APR-MAY
 - MS/E **edgeworthii** - white flowers tinged pink with a rich scent. Bullate leaves with fawn indumentum APR-MAY
 - DS/E **formosum** - (*Syn. Gibsonii*) - white striped pink, heavily scented MAY-JUN
 - DS/E **hanseanum nanum** - small white trusses, dense habit MAR-APR
 - DS/E **impeditum** - miniature rhododendron with mauve flowers MAR-APR
 - TS/E **johnstoneanum** - creamy-white scented APR-MAY
 - TS/E **lutescens** - free-flowering canary-yellow with bronze foliage, hardy and vigorous JAN-JUN
 - TS/E **macabeanum** - vigorous seedlings from the specimen AM form plant at Trewithen APR-MAY
 - MS/E **minus** - flowers white with a yellow blotch
 - TS/E **niveum** - young leaves covered in white indumentum. Bluish-purple flowers in tight heads MAR-APR
 - MS/E **nobleanum** - deep rose-red flowers which appear before Christmas in Cornwall DEC-FEB
 - MS/E **oldhamii - Formosan azalea** - hairy young shoots on this azalea like species and brick red flowers in MAY
 - MS/E **polyandrum** - white scented MAY-JUN
 - TS/E **ponticum 'Variegatum'** - leaves margined creamy-white
 - DS/E **russatum** - deep purple-blue flowers APR-MAY
 - TS **schlippenbachii** - pale pink saucer-shaped flowers before or as the leaves emerge APR-MAY only Large £35.00
 - MS **serpyllifolium** - the smallest leafed rhododendron which is really a mini azalea. Tiny rose-pink flowers MAR-APR
 - TS/E **sinogrande** - largest leafed rhododendron with huge trusses of creamy yellow flowers MAR-APR
 - MS/E **spinuliferum** - an unusual species with tubular red or reddish-orange flowers MAR-APR £20.00
 - MS/E **valentinianum** - compact growing species with buttercup yellow bell-shaped flowers APR-MAY
 - MS **vaseyi** - deciduous species with attractive pink or white funnel shaped flowers APR-MAY
 - DS/E **williamsianum** - a profusion of bell-shaped pink flowers. The bush forms an attractive rounded mound in maturity APR-MAY
 - DS/E **yakushmanum** - RHS Plant of the Decade 1943 - 1952. Compact bush, buds strawberry pink fading to white F.C.C. form MAY-JUN
 - zaleucum** - an attractive species with pale lilac-mauve flowers and white undersides to the leaves APR-MAY
- ### HYBRIDS
- MS/E **'Alison Johnstone'** - pale yellow flushed orange or pink MAR-APR
 - TS/E **'Anna Rose Whitney'** - very large bright deep pink also Large £35.00
 - MS/E **'Bashful'** - light pink with rust-red blotching fading to white APR-MAY also Large £35.00
 - TS/E **'Beauty of Littleworth'** - huge trusses of crimson spotted white flowers APR-MAY only Large £40.00
 - MS/E **'Bergie Larson'** - red buds open to orange flowers with light red spots APR-MAY
 - DS/E **'Blue Diamond'** - deep blue MAR-APR
 - MS/E **'Blue Peter'** - violet flowers paling to white at the throat with maroon spots APR-MAY
 - DS/E **'Blue Steel'** - dwarf growing with clear blue flowers. Form of impeditum MAR-APR
 - DS/E **'Blue Tit'** - clear blue MAR-APR
 - MS/E **'Bo peep'** - very early primrose yellow FEB-MAR
 - DS/E **'Bric a brac'** - white with distinct black stamens FEB-APR
 - DS/E **'Chikor'** - dwarf shrub with clusters of yellow flowers MAR-APR
 - MS/E **'Christmas Cheer'** - pink in bud fading to white. JAN-MAR also Large £50.00
 - DS/E **'Cilpinense'** - early pink
 - TS/E **'Cornish Red'** - the tallest growing of all the Cornish woodland rhododendrons. Can reach 60-80 feet in maturity with large trusses of reddish-purple flowers MAR-APR
 - MS/E **'Countess of Haddington'** - scented white flowers flushed pale pink MAR-APR also Large £25.00
 - MS/E **'Crossbill'** - Caerhays hybrid with pale yellow flowers tinged red MAR-APR
 - TS/E **'Cunningham's White'** - white flowering form of ponticum, extremely hardy also Large £45.00
 - DS/E **'Curlew'** - attractive spreading shrub with pale yellow flowers marked with greenish-brown MAR-APR
 - TS/E **'Cynthia'** - rose-crimson flowers with blackish markings within also Large £40.00
 - MS/E **'Doc'** - a yakushmanum hybrid with a compact habit and rose-pink flowers fading to creamy-white APR-MAY also Large £35.00
 - DS/E **'Dopey'** - yak.hybrid with bright orange-red flowers APR-MAY also Large £40.00
 - MS/E **'Dora Amateis'** - pale pink flowers in bud opening white faintly spotted with yellow APR-MAY
 - DS/E **'Dormouse'** - compact dome-shaped hybrid with pink bell-shaped flowers MAR-APR
 - DS/E **'Dreamland'** - yak. hybrid with light pink flowers in profusion on a neat shaped plant MAY-JUN also Large £35.00
 - MS/E **'Ebony Pearl'** - striking deep maroon-red leaves
 - MS/E **'Elizabeth'** - bright scarlet, one of the best and most reliable rhododendrons for the smaller garden also Large £30.00
 - MS/E **'Emma Williams'** - greenish-white in bud opening an attractive pinkish-mauve APR-MAY
 - TS/E **'Endsleigh Pink'** - a profusion of mid-pink flowers in large trusses FEB-MAR
 - TS/E **'Fabia'** - scarlet, shaded orange trusses of flowers speckled brown APR-JUN
 - TS/E **'Fastuosum flore pleno'** - very hardy hybrid with mauve semi-double flowers also Large £35.00
 - MS/E **'Fragrantissimum'** - probably the most highly scented rhododendron, large white flowers tinged pink. Our choice as the best rhododendron for the conservatory or cool greenhouse MAR-MAY
 - MS/E **'Germania'** - small growing with dark green leaves and upright trusses of deep pink flowers APR-MAY only Large £30.00

argentea - Buffalo berry - oblong leaves covered in silvery scales. Small yellow-green flowers followed by, on female plants, round bright red fruits FEB-MAR **£14.50**

H SIDALCEA - False mallow, Prairie mallow
'Brilliant' - spikes of carmine-red flowers JUL-AUG **£9.00** Each **3 for £22.00**

TS SINOCALYCANTHUS
chinensis - large magnolia-like flowers white on the outside and yellowish inside with maroon markings at the base. Very rare Medium **£30.00** Large **£40.00**
 ☞ **raulstonii 'Hartlage Wine'** - this is a new and extremely rare hybrid between Calycanthus and Sinocalycanthus. The flowers have a wine-red centre and white outside Small **£30.00** Medium **£60.00**
'Venus' - four inch wide white flowers with yellow and purple central markings. Strong scent MAY-JUL **£30.00**

T SINOJACKIA
xylocarpa - a rare but attractive Styax like tree with cup racemes of white flowers and ovoid fruits MAY-JUN **£35.00**

T SINOWILSONIA
 TS/E **henryi** - large bristle-toothed leaves. This is a monoecious plant with slender greenish male catkins and long pendant female ones extending to 6 inches MAY-JUN Small **£30.00** Large **£65.00**

H SISYRINCHIUM - Pigroot, Rush lily
striatum - Satin flower - evergreen perennial with lance-shaped iris-like leaves and stems of pale yellow flowers JUN-JUL **£9.00** Each **3 for £22.00**
'Aunt May' - erect silver variegated iris-like foliage with creamy yellow flowers JUL-AUG **£10.00** Each **3 for £25.00**

Skimmia japonica 'Rubella' Skimmia reevesiana

SKIMMIA All **£12.50** each Any **3 for £30.00** Except where marked

MS/E ☞ **x confusa 'Kew Green'** - male form with glossy green leaves and large greenish flower racemes; very hardy MAY-JUN **£13.50**
MS/E ☞ **'Redruth' (A.M. Form)** - hermaphrodite, free berrying APR-MAY

MS/E **subsp. reevesiana** - hermaphrodite with narrow elliptic tapering leaves and ovoid red fruit which usually remains until the spring APR-MAY **£13.50**

DS/E ☞ **'Rubella' (male)** - red buds opening white. Foliage also reddish MAR-APR

MS/E ☞ **'Veitchii'** - (*'Formanii'*) - vigorous female clone with broad leaves and large bunches of brilliant red fruit APR-MAY

H SMILACINA - False Solomon's seal, May lily
racemosa - clump-forming rhizomatous perennial with yellowish-white flowers and red berries MAY-JUN **£11.00 3 for £27.00**

C/E SMILAX - Cat briar, Green briar
discotis - climber with attractive mottled green and white shiny foliage and mildly barbed stems, ideal for covering a wall or fence **£12.50**

1 SOLANUM All **£12.00** Each **3 for £30.00**
C/E ☞ **crispum 'Glasnevin'** - *Chilean potato tree* - Hardy and quick growing wall shrub, flowers violet-blue MAY-SEP
C/E **jasminoides - Jasmine nightshade, Potato vine** - (*s.laxum*) pale lilac jasmine-like flowers JUL-SEP
 ☞ **'Album'** - pure white form JUL-SEP

H SOLIDAGO - Aaron's rod, Golden rod
'Golden Fleece' - flat yellow flower heads, dwarf habit and mildew free AUG-SEP **£9.00** Each **3 for £22.00**

SOLLYA - Bluebell creeper
 T/E/C/E ☞ **heterophylla** - glossy green leaves and gentian blue flowers in profusion. Probably worth risking outside if our winters stay mild JUL-OCT **£11.50**
'Pink Charmer' - delicate light pink flowers JUL-OCT **£12.50**
 T/E/C/E **White Form** - attractive pure white flowers JUL-OCT **£12.50**

1 SOPHORA - Japanese pagoda tree
MS **davidii** - grey, downy and eventually spiny branches. Small bluish-white pea flowers MAY-JUN **£14.50**
T **japonica** - creamy-white pea flowers in long terminal racemes AUG-OCT **£17.50**
MS/E **microphylla 'Dragon's Gold'** - lacy dark green foliage and tubular golden yellow flowers. **£13.50**
TS/7E ☞ **'Sun King'** - extremely hardy plant with bright yellow clusters of claw-like flowers in profusion over a long period in late winter and spring Large **£25.00**
DS/E **prostrata** - grows a tangle of interlacing branches which are golden in colour. Small bright yellow flowers. Grows to only 3-4 feet and is frost hardy to -10°C **£11.50**
TS/E **tetraptera** - tubular yellow pea-shaped flowers in long drooping clusters. Needs a sunny south facing wall APR-MAY **£13.50**

SORBARIA - False spiraea
MS **sorbifolia** - thicket forming shrub with long pinnate leaves and panicles of small white flowers in midsummer **£12.50**
'Sem' - *False spiraea* - dwarf growing with a bushy habit, this variety has attractive light yellowish new growth with a tinge of pink and white flowers **£15.50**
TS ☞ **tomentosa var angustifolia** - (*aitchisonii*) - pinnate leaves with white plumes of spiraea-like flowers JUL-AUG **£12.50**

T SORBUS - Rowan
 ☞ **aria 'Lutescens'** - *Whitebeam* - upper surface of leaves covered by creamy white indumentum becoming grey-green later in summer H/Std **£40.00**
aucuparia - Common mountain ash - the widespread rowan. Whip **£15.00** H/Std **£35.00**

'Aspleniifolia' - dainty foliage, fern-like effect H/Std **£35.00**
'Eduilis' - hardy tree with large leaves and edible fruits borne in large bunches H/Std **£35.00** Z
'Fructo Luteo' - (*syn 'Xanthocarpa'*) - amber-yellow fruits H/Std **£35.00**

'Hilling Spire' - a handsome totally fastigate rowan with very vigorous growth H/Std **£35.00**
 ☞ **'Sheerwater Seedling'** - a common street tree with a very upright but vigorous habit. Orange-red fruits H/Std **£42.50**
 ☞ **cashmiriana** - pink or white flowers and spherical white berries which are pink-tinged at first H/Std **£42.50**
'Chinese Lace' - upright tree with pinnate leaves. Small white flowers in late spring followed by orange-red berries H/Std **£42.50**
commixta - Japanese rowan - small columnar tree with leaves green and coppery when young colouring richly in autumn. Fruits red or orange-red. One of the best species for autumn colour H/Std **£35.00**
 ☞ **'Embley'** - (*Syn. Discolor*) fine cut foliage, erect, bright red fruits and autumn colour H/Std **£35.00**
 ☞ **forrestii** - blue-green leaves and small white fruits tinged pink H/Std **£35.00**

'Golden Wonder' - golden yellow fruits in large clusters H/Std **£35.00**

T **hemsleyi** - grey-green young leaves with a white down underneath. White flowers and brown fruits **£17.50**
hupehensis - Chinese rowan, Hubei rowan - white or white tinged pink fruits and glorious red autumn colour H/Std **£42.50**
intermedia - Swedish whitebeam - green foliage, grey beneath, orange-red berries H/Std **£35.00**
'Joseph Rock' - fine cut foliage, creamy yellow berries and good autumn colour H/Std **£35.00**
pseudobakonyensis - **£17.50**

DS ☞ **reducta - Creeping mountain ash, Pygmy rowan**
 dwarf suckering shrub forming small thickets. Fruits white flushed rose. Grows well with heathers or dwarf conifers **£16.50**
scularis - striking species with dark green glossy leaves, downy underneath which turn to rich red and purple in autumn. Red fruits H/Std **£42.50**
x thuringiaca 'Fastigiata' - *Oak-leaved rowan* - scarlet fruits with brown speckles, grey undersides to the leaves H/Std **£35.00**
tormalinis - a rare native tree with scaly bark and maple-like leaves **£17.50**

HB SPARRMANNIA - House lime, Indoor linden
GR/TS/E **africana 'Flore Pleno'** - vigorous tall branching shrub with clusters of double white flowers **£13.50**

3 TS SPARTIUM - Broom
 ☞ **junceum - Spanish broom, Weaver's broom** - bright yellow flowers JUL-SEP **£10.00** Each **3 for £25.00**

"I just wanted to say thank you very much for delivering my Rubus Beneden so promptly. I was out when it was delivered but I was able to trace its whereabouts due to the tracking system. Many thanks indeed for your prompt service." Anne Sydenham

SPIRAEA - Japanese spiraea
 All **£11.50** Each **Any 3 for £27.00** Except where priced
MS ☞ **'Arguta' - Bridal wreath** - white APR-MAY
betulifolia 'Tor Gold' - a new introduction with yellow foliage, white flowers and very colourful autumn foliage. Neat compact habit makes it ideal for containers **£14.50**
DS ☞ **cinerea 'Grefsheim'** abundant small white flowers in clusters all along the branches APR-MAY
MS **japonica 'Anthony Waterer'** - *Japanese spiraea* - cream and pink variegated foliage, flowers pink JUL-AUG
DS **'Goldflame'** - bright gold variegated foliage, pink flowers MAY-SEP
DS **'Little Princess'** - dwarf pink flowers JUL-AUG
DS **'Shirobana'** - white and deep pink flowers on the same branches JUL-OCT
MS **nipponica** - pure white flowers on arching branches JUN-JUL
MS ☞ **'Snowmound'** - forms a dense mound, free-flowering in June, white JUN-AUG
MS ☞ **thunbergii - Baby's breath spiraea** - arching branches and slender leaves. Bowl-shaped white flowers APR-JUN
TS **x vanhouttei** - arching branches of dainty white flowers JUN-JUL

H SPIRANTHES - Ladies' tresses
cernua 'Chadd's Ford' - tall spiralling spikes of heavily scented white orchid-like flowers. Suckering will occur in loamy or sandy soil **£9.00** Each **3 for £22.00**

CAERHAYS CASTLE & GARDENS

Gardens | House Tours | The Vein - Luxury B&B | Self Catering accommodation | Garden Breaks
Weddings | Private Parties and Celebrations | Corporate | Mail Order Plants | Beaches and more...

A SPECTACULAR COLLECTION IN AN ENCHANTED GARDEN

Awarded National Collection Status In 2001, The grounds at Caerhays contain over 600 magnolias, making it one of the most important collections in The British Isles.

The original home of the world famous x williamsii Camellias, Caerhays still has many original plants collected in China by the intrepid plant collectors in the early 1900's which grow happily alongside more modern hybrids bred by the Williams family, owners for nearly 150 years.

Nestled in a secluded valley above Porthluney Cove, the 120 acre gardens at Caerhays Castle are one of Britain's horticultural treasure troves.

Historic Caerhays is one of Cornwall's Great Gardens, a springtime paradise of glorious Camellias, Magnolias and Rhododendrons towering above carpets of delicate Narcissi and Primroses.

Choose between four woodland walks through magnificent displays of spring flowers which are amongst the best in Britain. Guided tours of the house are also available for a limited period. Out of season group tours can be arranged.

RHS Lectures at Caerhays Castle 2014

Lectures by Charles Williams
Suitable for complete beginners, ideal for all, with no prior experience necessary, however all garden lovers would benefit from these interesting lectures. The tours will cover the whole garden and ignore the regular routes that visitors would normally take when visiting the gardens.

The National Magnolia Collection Friday 21st March 2014
This lecture will cover why it is important to have a National Collection. Magnolias to suit different types of garden. The breeding and selection of new varieties of Magnolia. Examples of new magnolia hybrids all over the world.

Creating A Woodland Garden Friday 25th April 2014
This lecture will cover the basics of planting a woodland garden from scratch, to revamping an old overgrown one.

RHS Members: £16.00, Non-members: £20.00
Lectures start at 10.00am - Finish approx 1pm

Booking: All tickets should be booked in advance.
By CREDIT CARD OR DEBIT CARD: By telephoning Caerhays on 01872 501310 (weekdays 9am - 5pm) By POST: Lecture Reservations, Caerhays Estate, Gorran, St Austell, PL26 6LY, enclosing a cheque payable to Caerhays Estate, a RHS membership number (where relevant) and daytime telephone number. State the title of the event and how many tickets you require.

Special B&B rates at The Vein if attending the lecture:
www.thevean.co.uk

LUXURY HOLIDAY ACCOMMODATION WITHIN THE CAERHAYS ESTATE

Caerhays Estate has a selection of varied and exciting properties available for rent. From The Vein our flagship property offering part or fully catered options to a selection of smaller, luxury self catering cottages. Visit The Vein website at: www.thevean.co.uk

Caerhays has nine luxurious and individually appointed properties in and around The Estate to suit all tastes, from The Fish Sheds and Lime Kiln Cottage at West Portholland to the The Old Carthouse situated by the Castle gates and the Rabbit Warren a wing of the Castle itself. In addition there are our ever popular favourites The Engine House, Bottom Lodge and The Old Village Hall here at Caerhays and The Boathouse at East Portholland.
